JULY 2013

## **EXHIBIT 1 - DESIGN BUILDER DESIGN SERVICES**

1. Complete the design for the Project and solicit Commission and User Agency reviews and approvals. Complete analysis of all Project requirements, including verification of the Scope and Performance Criteria, concept design, regulatory requirements, the conditions of the site and the survey. Consult with the Commission and Using Agency to establish the final design.
2. Provide design documents for written approval at the completion of Design Development, and Construction Documents as identified in Book 1, Article 3.
3. Provide all Coordination, Permit and Trade and Construction packages fourteen (14) days prior to issuance for Commission and User Agency review.
4. Prepare and professionally seal documents that will be issued by for regulatory reviews, approvals and permits. Conduct reviews and submit for review/permits with required regulatory agencies, including, but not limited to, Department of Buildings, Bureau of Fire Prevention, Chicago Department of Transportation, Mayor's Office for People with Disabilities, Office of Emergency Management and Communications, and Illinois Environmental Protection Agency. Conduct and prepare a code analysis package and/or Code Matrix, including, but not limited to, the following components:
  - a. Occupancy classification.
  - b. Construction type.
  - c. Occupant load by area and floor.
  - d. Travel distances.
  - e. Accessibility.
  - f. Exit types, units and widths.
  - g. Plumbing fixture counts.
  - h. Loading berths and parking requirements.
  - i. Fire resistance requirements.
5. Facilitate a Lessons Learned walk-thru of recently constructed projects as necessary with the Commission and User Agency. Document and issue for Commission and User Agency Approval a record of improvements and variations to be incorporated into design.
6. Coordination and support in the form of information, including but not limited to narratives, specifications, and drawings concerning the design, installation and operation of Building Automation Systems (BAS) to the Commission's independent BAS Commissioning Authority. (IF APPLICABLE)
7. Facilitate and document a Sustainable Design Plan for Commission and User Agency approval and provide follow up sessions as directed by the Commission Representative. The purpose of the Plan and meetings are to develop the appropriate design strategies and confirm that the Project's target LEED rating of silver is achievable for all project phases, and make alternative plans as required. Plan shall include LEED Checklist and narratives, including all LEED detail. (IF APPLICABLE)
8. Provide an energy simulation model using the DOE II Modeling Software. (IF APPLICABLE)
9. Preparation of Proposed Public Right of Way Amendment Plan and other documents necessary to illustrate any required amendments to the public right of way. (IF APPLICABLE)

## **EXHIBIT 1 - DESIGN BUILDER DESIGN SERVICES**

10. Preparation of CDOT coordination drawings to the extent required by the Commission and CDOT to coordinate site work with planned improvements by the City of Chicago and CDOT. (IF APPLICABLE)
11. As required, prepare Request for Clarification submittals for the Commission or User Agency questions.
12. Preparation of storm water analysis and management proposal. (IF APPLICABLE)
13. Issuance of a zoning analysis package (if required).
14. Provide a utility coordination and public infrastructure plan. Administer a design phase and construction phase utility coordination meeting including but not limited to the following participants. (IF APPLICABLE)
  - a. Using Agency
  - b. Public Building Commission
  - c. Com Ed
  - d. Peoples Gas
  - e. AT&T
  - f. Comcast
  - g. Office of Emergency Management and Communications
  - h. Department of Water Management
  - i. Bureau of Electricity
15. Develop a keyed furniture, fixture and equipment plan and schedule for review and approval. The plan must locate devices requiring any power, data, communication, low voltage wiring, security and life safety equipment for Commission and User Agency review and approval. The plan will also indicate any equipment requiring water supply, drainage, condensate lines and vents for each device or piece of equipment. (IF APPLICABLE)
16. Develop a hardware and device location plan for Commission and User Agency review and approval. (IF APPLICABLE)
17. Develop a signage plan and specifications for Commission and User Agency review and approval. (IF APPLICABLE)
18. Certification of Compliance with Commission's Design Checklists submitted as part of the Book 3, Project Requirements of the Scope and Performance Criteria. (IF APPLICABLE)
19. Prepare and Submit for use by the Commission an Inspection and Testing Plan ten (10) days prior to any site construction activities. The plan must be in spreadsheet format, following the specification section numbering system. Each inspection, test and required certificate in the project Specifications shall be identified by specification section number. The Authorized Commission Representative upon request can provide a sample Inspection and Testing Plan for use. The Authorized Commission Representative will identify the testing firm(s) that will be used on the Project. The Inspection and Testing Plan must provide for:
  - a. Verification of responsibilities for providing inspections, tests and certificates
  - b. Scope of services for the testing and inspection services RFQ.

## **EXHIBIT 1 - DESIGN BUILDER DESIGN SERVICES**

- c. A scorecard to monitor the completion of required inspections and tests, and the submittal of required certificates.
20. In addition to the Coordination set forth below, the Design Builder shall provide coordination services set forth in Book 2A, Standard Terms and Conditions Procedures Manual for Design Build Contracts. Architect Engineer shall issue MEP coordination documentation to the Commission for review. Architect Engineer shall coordinate and resolve:
- a. Space requirements between trades and/or disciplines.
  - b. Space requirements and access for maintenance and replacement all MEP equipment.
  - c. Incompatibility between items provided under different disciplines (such as difference in voltage between equipment specified under Division 15 and electrical power provided under Division 16).
  - d. Inconsistencies between drawings and specifications (between disciplines and within each discipline).
  - e. As required to manage discipline coordination, prepare drawings or models to manage discipline coordination, resolve conflicts, and present the findings of coordination process to the PBC's design review team.
    - i. Above ceilings in corridors to confirm that service, fixtures, and other devices can fit between the designed ceiling height and the bottom of any structural members or other obstructions. The horizontal spacing of these items will also be reviewed to confirm that desired locations of lighting fixtures and other devices can be achieved.
    - ii. Slabs where services would logically be installed within the slab on grade or on deck. The Architect will confirm that these services can fit within the slab cross section without compromising the structural integrity of the slab. Any limitations on embedded services will be noted on the construction documents.
    - iii. Areas and/or rooms where a significant number of services converge. This includes mechanical rooms, MDF rooms, IDF rooms, electrical closets, fire pump rooms, and any other areas or rooms where the coordination of individual or multiple services are required with multiple disciplines. Where a significant number of services penetrate a wall, floor, ceiling, or roof in close proximity, the Architect will design and detail an appropriate chase with respect to structural elements, code issues, and proper installation of the services.
    - iv. Within mechanical, equipment, and other specialty rooms to confirm that the required equipment, panels, racks, fixtures, ventilation, and other equipment, along with the services entering these rooms will fit within the designed space and layout. Checks will be made for door swings, as well as, equipment accessibility into and within the room.
    - v. Locations on the site or under the building where major existing or new utilities come in close proximity to each other and/or other new or existing structures. This would include locations where these services enter the building or penetrate the foundations.

## **EXHIBIT 1 - DESIGN BUILDER DESIGN SERVICES**

21. Prepare documents that confirm that the appropriate power, communication, and other low voltage services are shown running to and from each required device/fixture and back to the appropriate originating or receiving location are included in the design. This coordination may be represented by a composite device/service schedule that cross references the appropriate interface points.
22. Architect Engineer shall provide no less than 12 hours per week solely dedicated to field observation of the construction in order to monitor the progress and conformance of the permanent features of the work to the requirements of the Contract Documents and submit periodic reports documenting their findings. This time is in addition to time dedicated to management, reviewing submittals, and attending project meetings. The Design Builder retains primary responsibility for ensuring the quality of construction. The Architect Engineer's on-site representative shall not be removed or replaced before final completion of the Project without the prior written approval of the Authorized Commission Representative. The Architect Engineer's on-site representative will be removed immediately upon written request of the Authorized Commission Representative.
23. Provide an expert in roofing on the Project Site throughout the construction/installation of the roof for the Project. (IF APPLICABLE)
24. Architect Engineer to conduct a comprehensive final inspection of the Project with the Authorized Commission Representative and User Agency to verify that the materials furnished and the work performed are substantially compliant with the contract documents.
  - a. The Design Builder is responsible for facilitating a walkthrough on site with the Authorized Commission Representative, Commissioning Agent and User Agency to review punch list items identified in the Design Builder's initial punch list. The Design Builder will consolidate and prepare punch lists indicating the items of work remaining to be accomplished before a Certificate of Final Acceptance will be issued. Prepare certificates of preliminary and final completion in consultation with the Commission and the User Agency.
25. Submittal, Record Document and Close requirements set forth in Book 2A, Standards Terms and Conditions Procedures Manual for Design Build Projects.

**REMAINDER OF PAGE INTENTIONALLY LEFT BLANK**

## **EXHIBIT 2 – SCOPE AND PERFORMANCE CRITERIA**

Design Builder acknowledges receipt of the initial Scope and Performance Criteria dated May 16, 2013, Update 1 to the Scope and Performance Criteria dated May 24, 2013, Update 2 to the Scope and Performance Criteria dated May 29, 2013, and Update 3 to the Scope and Performance Criteria dated June 4, 2013 for all schools in Project 17. These documents and the Construction Drawings and Specifications listed herein, including the noted exceptions/clarifications shown on Exhibit 3 form the basis for the Scope of Work for Project 17.

## **EXHIBIT 2 – SCOPE AND PERFORMANCE CRITERIA**

Design Builder acknowledges receipt of the June 3, 2013 School Investment Program Scope and Performance Criteria for all schools in Project 17. This document and the Construction Drawings and Specifications listed herein, including the noted exceptions/clarifications shown on Exhibit 3 form the basis for the Scope of Work for Project 17.

**EXHIBIT 3 –EXCEPTIONS/CLARIFICATIONS TO CONSTRUCTION DRAWINGS  
AND SPECIFICATIONS**

Design-Builder acknowledges submission of Construction Drawings and Specifications as shown on Exhibit 2 and notes the following exceptions/clarifications, as attached:

## **ALDRIDGE:**

The installation of the marker boards as indicated in GMP estimates, have been included. Existing chalkboards that exceed the LF as indicated will remain in an "as-is" condition. Additionally, no tack boards, unless specifically shown in presented documents, are included. Scope sheets dictate 16lf per classroom. Existing marker and chalk boards are not being re-installed. The existing aluminum trim, where applicable, is to be utilized in lieu of new wood trim at marker boards.

The existing unit ventilators are not being repainted (no electrostatic painting as part of scope of work). The existing cabinets, where pre-finished surfaces exist, are not being repainted.

### **Library**

Library entrance from Corridor. These doors are to be hollow metal not wood with no transom/light panel above doors.

No accent carpeting is being installed in the library based upon CPS standard carpet selection board.

A drywall wainscot/trim is being installed at the library west wall to conceal existing adhesive previously concealed by existing book shelves ~~and will be taken from PBG contingency.~~

The existing door (elevation 6/A-200) is not being re-stained and/or patched.

### **Computer Lab**

Room 226-existing ceiling is to remain as is and be painted.

The existing wood closet doors (elevation 7/A-201) are to remain as is with no new stain.

The plaster soffit and louver (elevation 7/A-201) is existing to remain/paint existing. Soffit/wall to be patched from demolition activities.

The ceiling mounted projector and projector screen (4/A-200& E-102) are to be by others.

The Computer Lab was designed with 60" desk (Furnished by Owner) in order to achieve the minimum 30 students

### **Plumbing**

A total of 5 drinking fountains are being replaced in accordance with the GMP issued scope sheet. Their installation (30" spout height) shall be in accordance with CPS standard detail sheet ADA.15 (ADA accessible height for elementary applications).

No sinks are being replaced as part of this project.

Due to non available flush tank parts, this work is not being completed. The extent of work here is limited to 6 existing flush valve replacements with locations TBD.

### **Electrical**

Integral Contractors, new time clocks, and new bypass switches are not being installed as a component on this project.

Only 1 AC unit and associated power is being installed in the library

Correction of existing code violations & violations of current CPS standards are not part of this project.

CPS / Others are responsible for removal/installation of Smart Boards, Concentrator Switches and Program Wireless and additional Electronics on MDF Room Rack

All-Bry will rough in/trim necessary wiring for low voltage/data final connections / equipment, installations by others.

**CARVER:**

The installation of the marker boards as indicated in GMP estimates, have been included. Existing chalkboards that exceed the LF as indicated will remain in an "as-is" condition. Additionally, no tack boards, unless specifically shown in presented documents, are included. Scope sheets dictate 16lf per classroom. Existing marker and chalk boards are not being re-installed. The existing aluminum trim, where applicable, is to be utilized in lieu of new wood trim at marker boards.

The existing unit ventilators are not being repainted (no electrostatic painting as part of scope of work). The existing cabinets, where pre-finished surfaces exist, are not being repainted.

**HVAC**

The insulation and condensate line cleaning at building F gymnasium has been eliminated.

**Electrical**

Integral Contractors, new time clocks, and new bypass switches are not being installed as a component on this project.

CPS / Others are responsible for removal/installation of Smart Boards, Concentrator Switches and Program Wireless and additional Electronics on MDF Room Rack

All-Bry will rough in/trim necessary wiring for low voltage final connections / equipment, installations by others.

Correction of existing code violations & violations of current CPS standards are not part of this project.

## **ESMOND:**

Per PBC email dated 7/9/13, the Accessibility Path of Travel improvements are not included in the GMP and will be deleted.

Environmental abatement is included per original design scope sheets.

Final flooring replacement and Acoustic Ceiling Tile replacement, in conjunction with the amounts indicated on the scope sheets, will be determined upon a final walk-thru with PBC Team, marked with blue tape, and recorded on video for record.

The installation of the marker boards as indicated in GMP estimates, have been included. Existing chalkboards that exceed the LF as indicated will remain in an "as-is" condition. Additionally, no tack boards, unless specifically shown in presented documents, are included. Scope sheets dictate 16lf per classroom. Existing marker and chalk boards are not being re-installed. The existing aluminum trim, where applicable, is to be utilized in lieu of new wood trim at marker boards.

### **Masonry**

All-Bry Construction has included the allowance (\$18,150) for the masonry repairs as outlined in the scope sheets. ~~The proposed scopes will not solve the water infiltration problem; furthermore, the infiltration has created a life safety issue with the limestone window heads and the terra cotta copings/banding. To properly address this life safety issue please add: \$125,314.56 (pricing subject to design fees).~~

We have not included any costs associated with Life Safety Scope(s) of Work

### **Plumbing**

We have not included any costs associated with repairs to the existing fire sprinkler system.

We have not included rodding of the existing plumbing lines

### **Computer Lab**

Provide (1) isolated ground receptacle in each work station or teacher station and one data outlet for same.

Provide (1) new concentrator with conduit home runs to the MDF room. Provide all voice data wiring for the computer lab per CPS guidelines.

Provide (1) new power panel and tvss for the lab, per cps guidelines.

The Computer Lab was designed with 60" desk (Furnished by Owner) in order to achieve the minimum 30 students

**Electrical**

Service and distribution: existing. Provide new breakers as needed.

A/C unit work: provide new air conditioner feeds to the new air conditioners. The new feeds to include the new switch and receptacle for the unit, per CPS guidelines.

Existing A/C units feeds to remain.

Disconnect and reconnect various heaters, exhausters, unit vents and pumps as indicated on the scope sheets. The mechanical contractors to provide and install all of the equipment.

Integral Contactors, new time clocks, and new bypass switches are not being installed as a component on this project.

CPS / Others are responsible for removal/installation of Smart Boards, Concentrator Switches and Program Wireless and additional Electronics on MDF Room Rack

All-Bry will rough in/trim necessary wiring for final connections / equipment, installations by others.

**HVAC**

We have not included any mechanical repairs/upgrades in the MDF Room. In main building.

## **GOMPERS:**

Per PBC email dated 7/9/13, the Accessibility Path of Travel improvements are not included in the GMP and will be deleted.

Environmental abatement is included per original design scope sheets.

Final flooring replacement and Acoustic Ceiling Tile replacement, in conjunction with the amounts indicated on the scope sheets, will be determined upon a final walk-thru with PBC Team, marked with blue tape, and recorded on video for record.

### **Electrical**

Integral Contactors, new time clocks, and new bypass switches are not being installed as a component on this project.

Correction of existing code violations & violations of current CPS standards are not part of this project.

CPS / Others are responsible for removal/installation of Smart Boards, Concentrator Switches and Program Wireless and additional Electronics on MDF Room Rack

All-Bry will rough in/trim necessary wiring for final connections / equipment, installations by others.

Access points: provide (1) access point in each of (22) classrooms and (5) additional access points in offices and common areas. ~~Also provide (1) dedicated charging outlet in each classroom as none currently exist.~~

### **Masonry**

All-Bry Construction has included masonry repairs outside of the scope sheets. The proposed scope was created as a result of the DB/PBC Walk-thru. The masonry scope is as follows:

- Grind and Tuckpoint Interior masonry wall (South Elevation) of gymnasium.
- Remove and re-set window sills on exterior gym windows, rebuild backing masonry.
- Caulk windows
- Re build window head at gymnasium

We have included removing the existing gym equipment, patching and cleaning the interior masonry gym walls.

### **Roof**

We are replacing the roofing system at the Annex, above the cafeteria; we are not replacing the roofing system at the link.

### **Food Service Line**

We have included furnishing (2) new mobile server lines as called out in original scope sheets.

### **HVAC**

Existing MDF Room to receive split system and new Fire Rated HM Door and Frame  
~~We have not included any mechanical repairs/upgrades in the MDF Room.~~

### **Painting**

We have included painting of the Auditorium and Gymnasium, we have not included caulk and painting of the existing doors & frames.

### **Plumbing**

We have not included rodding of the existing plumbing lines

### **Computer lab**

Provide 1 isolated ground receptacle in each work station or teacher station and one data outlet for same.

Provide 1 new concentrator with conduit home runs to the MDF room. Provide all voice data wiring for the computer lab per CPS guidelines.

Provide 1 new power panel and tvss for the lab, all per cps guidelines. All work shall be as indicated on the drawings.

We will also replace defective damaged light fixtures in the room.

72" tables are shown in the Gompers Engineering lab to demonstrate to the PBC that we could achieve the min. 30 students using the longer tables. CPS could order either 60" or 72" desks for this Engineering Lab without impacting the accessibility in that room. The other labs (computer, media) must have 60" desks in order to achieve the minimum 30 students.

Lab furniture to be provided by Owner.**Media Lab**

Provide 1 isolated ground receptacle in each work station or teacher station and one data outlet for same. Provide 1 new concentrator with conduit home runs to the MDF room. Provide all voice data wiring for the media lab per CPS guidelines. Provide 1 new power panel and tvss for the lab, all per cps guidelines.

All work shall be as indicated on the drawings. Provide wiring for projector.

### **Engineering Lab**

Provide 1 isolated ground receptacle in each work station or teacher station and one data outlet for same. Provide 1 new concentrator with conduit home runs to the MDF

room. Provide all voice data wiring for the computer lab per CPS guide lines. Provide 1 new power panel and tvss for the lab, all per cps guidelines. Provide projector wiring. Provide electrical demolition as needed. All work shall be as indicated on the drawings. We will also replace light fixtures in the room and re-work switching.

### **Autism Room**

To receive new light fixtures, and new sheet vinyl flooring.

Service and distribution: provide a new 600 amp switch in existing switchboard.

Remove existing switches to make room for the new switch. Provide a new 600 amp distribution panel. Re-feed the feeders disconnected from the switchboard. Provide 2 new 200 amp air conditioner panels to feed the new and existing air conditioners.

A/C unit work: provide new air conditioner feeds to the new air conditioners. The new feeds to include the new switch and receptacle for the unit, per CPS guidelines. Also, re-feed all of the existing A/C units to the new A/C panels because the existing units are fed from overloaded lighting and power panels.

Existing computer lab: remove and re-install the floor mounted wire-mold feeding the computers to accommodate the floor finishing work.

### **Kitchen**

Provide electrical demolition as needed for the kitchen equipment removal; provide new power wiring for new kitchen equipment per the drawings. Also provide 2 new data drops as indicated.

MDF room: provide 8 new dedicated charging outlets in MDF room to eliminate all of the extension cords.

A/C unit work: provide new air conditioner feeds to the new air conditioners. The new feeds to include the new switch and receptacle for the unit, per CPS guidelines.

Existing A/C units feeds to remain.

We have included sealcoating and striping the Northeast Parking lot.

## General Assumptions / Clarifications

- All furniture, desks, computer tables, chairs, bookshelves, media equipment, including library circulation desk, is to be furnished and installed by PBC
- All work to be completed by 8/12/13 as originally stated in RFP.
- Any adjustment/change in the scope of work, are subject to an add to the contract and will include Design Fees, if required, Cost of Work, General Conditions/Requirements, as well as Design Builders Overhead and Fee and will be calculated as a percentage of the current proposal. Any additional work, not previously part of the scope and extending our completion beyond the scheduled date of 8/12/13 will also include supervision.
- Code compliancy issues that are beyond directly impacted work are not included; i.e inspector request to modify existing conditions not reasonably foreseeable to this scope of work and/or not intended to be part of this program intent.
- Furniture moving, is limited to tables, chairs, and stationary equipment that is to be placed in the hallways and then replaced in the room. Temp storage of these materials, outside of the corridors and/or building, is not included. Removal of books, personal items, including removal of wall mounted signs, posters, etc, is to be removed by others, prior to this contractors start of the work
- Pricing is based upon building access being previously scheduled with PBC to allow work hours as coordinated. Any infringement upon those hours, i.e., building not being open at agreed upon times, could result in additional costs due to lost productivity
- Removal and/or replacement of crumbling substrate of existing walls and ceilings, beyond scope quantities, as identified, is not included.
- ~~If requested, this contractor has first of refusal on salvaged material.~~
- ~~If other trades are on site doing work directly for the owner, this contractor has precedence in all areas.~~
- Construction clean represents broom swept floors and removal of construction generated debris only.
- ~~All Long lead time items including but not limited to: AC Units, AC brackets/panels, furniture, desks, computer tables, epoxy resin tops, bookshelves, media equipment, library circulation desk, and reception desk to be furnished (as stated in Addendum 1 & 2) by PBC.~~

Any such allocation shall be performed pursuant to the Commission's Change Order Process defined in Article 17 of Book 2. In the event that any Design Builder Allowances or partial amounts thereof remain unused at the completion of the Work, the Design Builder shall allocate any such unused amounts to the Commission Contingency. Any such re-allocation shall be made on the Payment Application following the completion of the Work for which the Design Builder Allowance was established.

**EXHIBIT 8 - RESERVED**

## **EXHIBIT 9 - INSURANCE AND BONDING REQUIREMENTS**

1. The Design-Builder shall furnish proof of its ability to provide the bonds and insurance required by the Contract to the satisfaction of the Commission prior to the commencement of any construction activities on site. With respect to the payment and performance bonds, a letter from the Design-Builder's surety affirming the surety's willingness to provide the Design-Builder's bonds is sufficient. With respect to the insurance, either a letter from the Design-Builder's insurer, or a certificate showing that the Design-Builder currently possesses the required coverage, is sufficient.
2. The insurance requirements for this project are as follows: The Design-Builder must provide and maintain at Design-Builder's expense, the minimum insurance coverage and requirements specified below, insuring all operations related to the Contract. The insurance must remain in effect from: the date of the notice to proceed until Substantial Completion of the project, during completion of Punch List, as well as any time Design-Builder returns to perform additional work regarding warranties or for any other purpose.
3. The insurance requirements to be adhered to by the Design-Builder are included in this Exhibit 9.
4. Upon approval by the Commission to commence construction activities, which approval shall be designated by a Notice to Proceed with Construction Activities from the Commission to the Design-Builder, and no less than ten (10) days before the commencement of any construction activities on the site, the Design-Builder must execute and deliver to the Commission the Performance and Payment Bond in the form included in the Contract Documents, or such other guarantee as agreed to by the Commission, and evidence of the required insurance coverage.
5. The Performance and Payment Bond shall be in the form provided herein, in the full amount of the Construction GMP, and shall be security for the faithful performance of the Contract and payment of all persons, firms, or corporations to whom the Design-Builder may become legally indebted for labor, material, facilities or services of any nature, employed or used by it in performing the Work. The current power of attorney for the persons who sign for any surety company shall be attached to such bond. Such power of attorney shall be sealed and certified with a "first hand signature" by an officer of the surety. A facsimile signature will not be accepted by the Commission. The Commission reserves the right to approve the surety company.
6. The failure of the Design-Builder to supply the required Performance and Payment Bond or evidence of the required insurance coverage within five (5) days of notice, or within such extended period as the Commission may grant based upon reasons determined sufficient by the Commission, shall constitute a default and the Commission may either award the Contract to the next lowest responsible Design-Builder or re-advertise for bids. The difference between the amount of its bid and the amount for which a contract for the work is subsequently executed may be charged against the Design-Builder, irrespective of whether the amount thus due exceeds the amount of the bid security. If a more favorable bid is received by re-advertising, the defaulting Design-Builder shall have no claim against the Commission for a refund. Because of the difficulty of ascertaining the damage caused to the Commission, such sum shall be considered liquidated damages and shall not constitute a penalty. The election by the Commission to grant an extension to the period allowed for the Design-Builder to provide an acceptable performance and payment bond and/or evidence of insurance coverage shall not entitle the Design-Builder to an extension of time required to complete the Work.

CORPORATE SEAL

The Design-Builder must provide and maintain at Design-Builder's own expense, the minimum insurance coverage and requirements specified below, insuring all operations related to the Contract. Unless otherwise noted below, the insurance must remain in effect from: the date of the notice to proceed until Substantial Completion of the project, during completion of Punch List, as well as any time Design-Builder or its subcontractors return to perform additional work regarding warranties or for any other purpose, unless otherwise noted below or agreed by the Public Building Commission's Director of Risk Management.

### **INSURANCE TO BE PROVIDED**

1) Workers' Compensation and Employers Liability (Primary and Umbrella)

Workers' Compensation Insurance as prescribed by applicable law covering all employees who are to provide a service under this Contract and Employers Liability coverage with limits of not less than \$1,000,000 each accident, illness or disease. Coverage will include a Waiver of Subrogation.

2) Commercial General Liability (Primary and Umbrella)

Commercial General Liability Insurance or equivalent with limits of not less than \$5,000,000 per occurrence for bodily injury, personal injury, and property damage liability. Coverage must include the following: All premises and operations, products/completed operations to be maintained for minimum of two (2) years following project completion, explosion, collapse, underground hazards, defense and contractual liability. Design-Builder and all subcontractors of every tier will specifically name the Public Building Commission of Chicago, the Board of Education of the City of Chicago and the City of Chicago and others as may be required by the PBC as Additional Insured using ISO CG2010 0443 and CG2037 0443. Additional Insured status will be on a primary, non-contributory basis for any liability arising directly or indirectly from the work, including the two year completed operations periods. Coverage will include a Waiver of Subrogation as required below.

*Design-Builder and subcontractors working within fifty (50) feet of the rail right-of-way are required to endorse their liability policies with form CG 24 17 to eliminate the exclusion for work within fifty (50) feet of the rail right-of-way. Contractors must provide copies of this endorsement with the certificate of insurance required below. Contractors must ensure that subcontractors maintain this endorsement on their policies.*

Subcontractors performing work for Design-Builder must maintain limits of not less than \$1,000,000 per occurrence with the same terms herein.

3) Automobile Liability (Primary and Umbrella)

When any motor vehicles (owned, non-owned and hired) are used in connection with work to be performed, the Design-Builder must provide Automobile Liability Insurance, with limits of not less than \$2,000,000 per occurrence for bodily injury and property damage. The Public Building Commission of Chicago, the Board of Education of the City of Chicago, the City of Chicago and others as may be required by the PBC are to be named as Additional Insured on a primary, non-contributory basis.

Subcontractors performing work for Design-Builder must maintain limits of not less than \$1,000,000 per occurrence with the same terms herein.

4) Contractors Pollution Liability

Contractors Pollution coverage is required with limits of not less than \$5,000,000 per occurrence for any portion of the services, which may entail, exposure to any pollutants, whether in the course of sampling, remedial work or any other activity under this contract. The Design-Builder pollution liability policy will provide coverage for sums that the insured become legally obligated to pay as loss as a result of claims for bodily injury, property damage and/or clean-up costs caused by any pollution incident arising out of the Work including remediation operations, transportation of pollutants, owned and non-owned disposal sites and any and all other activities of Design-Builder and its subcontractors. Pollution incidents will include, but not be limited to, the discharge, dispersal, release or escape of any solid, liquid, gaseous or thermal irritant or contaminant, including but not limited smoke, vapors, soot, fumes, acids, alkalis, toxic chemicals, medical waste, waste materials, lead, asbestos, silica, hydrocarbons and microbial matter, including fungi, bacterial or viral matter which reproduces through release of spores or the splitting of cells or other means, including but not limited to, mold, mildew and viruses, whether or not such microbial matter is living.

The policy will be maintained for a period of three years after final completion and include completed operations coverage. The policy will include the Public Building Commission of Chicago, the Board of Education of the City of Chicago and the City of Chicago and others as may be required by the PBC, as Additional Insured. These entities must be specifically named and endorsed on the policy. Additional Insured coverage must be on a primary and non-contributory basis for on-going and completed operations. Coverage will include a waiver of subrogation as required below.

Subcontractors performing work for Design-Builder must maintain limits of not less than \$1,000,000 per occurrence with the same terms herein.

5) Professional Liability

When Design-Builder performs work in connection with the Agreement, Professional Liability Insurance must be maintained with limits of not less than ~~\$5,000,000~~ \$1,000,000 covering acts, errors, or omissions. The policy will include coverage for wrongful acts, including but not limited to errors, acts or omissions, in the rendering or failure to render professional services resulting in a pollution incident. When policies are renewed or replaced, the policy retroactive date must coincide with, or precede the, start of work on the Agreement. Coverage must be maintained for two years after substantial completion. A claims-made policy, which is not renewed or replaced, must have an extended reporting period of two (2) years.

In the event that the Design-Builder hires an Architect/Engineer, the Architect/Engineer must maintain limits of not less than ~~\$5,000,000~~ \$1,000,000 per occurrence with the same terms herein. Subcontractors performing professional work for Design-Builder or an Architect/Engineer must maintain limits of not less than \$1,000,000 per occurrence with the same terms herein.

6) Builders Risk

Design-Builder must provide All Risk Builders Risk Insurance or Installation Floater on a replacement cost basis including but not limited to all labor, materials, supplies, equipment,

machinery and fixtures that are or will be permanent part of the facility. Coverage must be on an All Risk or Cause of Loss, Special Form basis including, but not limited to, the following: right to partial or complete occupancy, collapse; water damage including overflow, leakage, sewer backup, or seepage; resulting damage from faulty or defective workmanship or materials; resulting damage from error or omission in design, plans or specifications; debris removal; Ordinance and Law and include damage to, false work, fences, temporary structures and equipment stored off site or in transit. The policy will allow for partial or complete occupancy and include damage to existing property at the site with a sublimit of \$1,000,000.

The Public Building Commission of Chicago and the Board of Education of the City of Chicago will be Named Insured on the policy. Coverage must be for the full completed value of the work and must remain in place until at least Substantial Completion and may only be cancelled with the written permission of the PBC Risk Management Department, even if the Project has been put to its intended use.

The Design-Builder is responsible for all loss or damage to personal property including but not limited to materials, equipment, tools, scaffolding and supplies owned, rented, or used by Design-Builder.

7) Railroad Protective Liability

When any work is to be done adjacent to or on railroad or transit property, Contractor must provide, with respect to the operations that Design Builder or subcontractors perform, Railroad Protective Liability insurance in the name of railroad or transit entity. The policy must have limits of not less than the requirement of the operating railroad/transit entity, and in no event less than \$2,000,000 per occurrence and \$6,000,000 aggregate, for losses arising out of injuries to or death of all persons, and for damage to or destruction of property, including the loss of use thereof. If no Railroad Protective Liability insurance is required by the nearby railroads, Contractor shall submit written confirmation from each railroad.

Contractors and subcontractors are required to endorse their liability policies with form CG 24 17 to eliminate the exclusion for work within fifty (50) feet of the rail right-of-way. Contractors and subcontractors must provide copies of this endorsement with the certificate of insurance required below.

B. ADDITIONAL REQUIREMENTS

Design-Builder must furnish the PBC's Procurement Department, Richard J. Daley Center, Room 200, Chicago, IL 60602, original Certificates of Insurance, or such similar evidence, to be in force on the date of this Contract, and Renewal Certificates of Insurance, or such similar evidence, if any insurance policy has an expiration or renewal date occurring during the term of this Contract. Copies of any endorsements or policy language providing Additional Insured or Named Insured status to the entities required above must accompany the Certificate of Insurance upon submission. The Design-Builder must submit evidence of insurance to the Public Building Commission prior to Contract award. The receipt of any certificate does not constitute agreement by the Commission that the insurance requirements in the Contract have been fully met or that the insurance policies indicated on the certificate are in compliance with all Contract requirements. The failure of the Commission to obtain certificates or other insurance evidence from Design-Builder is not a waiver by the Commission of any requirements for the Design-Builder to obtain and maintain the specified insurance. The Design-Builder will advise all insurers of the Contract provisions regarding insurance. Non-conforming insurance does not relieve Design-Builder of the obligation to provide insurance as specified in this contract. Non-fulfillment of the insurance conditions may constitute a breach of the Contract, and the

Commission retains the right to stop work until proper evidence of insurance is provided, or the Contract may be terminated.

The insurance must provide for 30 days prior written notice to be given to the Commission in the event coverage is substantially changed, canceled, or non-renewed.

The PBC reserves the right to obtain copies of insurance policies and records.

Any deductibles or self-insured retentions on referenced insurance must be borne by Design-Builder. All self insurance, retentions and/or deductibles must conform to these requirements.

The Design-Builder waives and agrees to cause all their insurers to waive their rights of subrogation against the Public Building Commission of Chicago, the Board of Education of the City of Chicago and the City of Chicago, their respective Board members, employees, elected officials, officers, or representatives.

The insurance coverage and limits furnished by Design-Builder in no way limit the Design-Builder's liabilities and responsibilities specified within the Contract or by law.

Any insurance or self-insurance programs maintained by the Public Building Commission of Chicago, the Board of Education of the City of Chicago and the City of Chicago will not contribute with insurance provided by the Design-Builder under the Contract.

The required insurance to be carried is not limited by any limitations expressed in the indemnification language in this Contract or any limitation placed on the indemnity in this Contract given as a matter of law.

If Design-Builder is a joint venture or limited liability company, the insurance policies must name the joint venture or limited liability company as a Named Insured.

The Design-Builder must require all subcontractors to provide the insurance required herein, or Design-Builder may provide the insurance for subcontractors. All subcontractors are subject to the same insurance requirements of Design-Builder unless otherwise specified in this Contract.

If Design-Builder or subcontractor desires additional coverage, the party desiring the additional coverage is responsible for the acquisition and cost.

Design-Builder must submit the following at the time of award:

1. Standard ACORD form Certificate of Insurance issued to the Public Building Commission of Chicago as Certificate Holder including:
  - a. All required entities as Additional Insured
  - b. Evidence of waivers of subrogation
  - c. Evidence of primary and non-contributory status
2. All required endorsements including the CG2010 ~~04-13~~ and the CG2037 ~~04-13~~ or equivalents

The PBC's Director of Risk Management maintains the rights to modify, delete, alter or change these requirements.

OWNER'S REPRESENTATIVE:

(Architect, Engineer or other party:)

§ 1 The Contractor and Surety, jointly and severally, bind themselves, their heirs, executors, administrators, successors and assigns to the Owner for the performance of the Construction Contract, which is incorporated herein by reference.

§ 2 If the Contractor performs the Construction Contract, the Surety and the Contractor shall have no obligation under this Bond, except when applicable to participate in a conference as provided in Section 3.

The Company executing this bond vouches that this document conforms to American Institute of Architects Document A312, 2010 edition

- § 3 If there is no Owner Default under the Construction Contract, the Surety's obligation under this Bond shall arise after
- .1 the Owner first provides notice to the Contractor and the Surety that the Owner is considering declaring a Contractor Default. Such notice shall indicate whether the Owner is requesting a conference among the Owner, Contractor and Surety to discuss the Contractor's performance. If the Owner does not request a conference, the Surety may, within five (5) business days after receipt of the Owner's notice, request such a conference. If the Surety timely requests a conference, the Owner shall attend. Unless the Owner agrees otherwise, any conference requested under this Section 3.1 shall be held within ten (10) business days of the Surety's receipt of the Owner's notice. If the Owner, the Contractor and the Surety agree, the Contractor shall be allowed a reasonable time to perform the Construction Contract, but such an agreement shall not waive the Owner's right, if any, subsequently to declare a Contractor Default;
  - .2 the Owner declares a Contractor Default, terminates the Construction Contract and notifies the Surety; and
  - .3 the Owner has agreed to pay the Balance of the Contract Price in accordance with the terms of the Construction Contract to the Surety or to a contractor selected to perform the Construction Contract.

§ 4 Failure on the part of the Owner to comply with the notice requirement in Section 3.1 shall not constitute a failure to comply with a condition precedent to the Surety's obligations, or release the Surety from its obligations, except to the extent the Surety demonstrates actual prejudice.

§ 5 When the Owner has satisfied the conditions of Section 3, the Surety shall promptly and at the Surety's expense take one of the following actions:

§ 5.1 Arrange for the Contractor, with the consent of the Owner, to perform and complete the Construction Contract;

§ 5.2 Undertake to perform and complete the Construction Contract itself, through its agents or independent contractors;

§ 5.3 Obtain bids or negotiated proposals from qualified contractors acceptable to the Owner for a contract for performance and completion of the Construction Contract, arrange for a contract to be prepared for execution by the Owner and a contractor selected with the Owner's concurrence, to be secured with performance and payment bonds executed by a qualified surety equivalent to the bonds issued on the Construction Contract, and pay to the Owner the amount of damages as described in Section 7 in excess of the Balance of the Contract Price incurred by the Owner as a result of the Contractor Default; or

§ 5.4 Waive its right to perform and complete, arrange for completion, or obtain a new contractor and with reasonable promptness under the circumstances:

- .1 After investigation, determine the amount for which it may be liable to the Owner and, as soon as practicable after the amount is determined, make payment to the Owner; or
- .2 Deny liability in whole or in part and notify the Owner, citing the reasons for denial.

§ 6 If the Surety does not proceed as provided in Section 5 with reasonable promptness, the Surety shall be deemed to be in default on this Bond seven days after receipt of an additional written notice from the Owner to the Surety demanding that the Surety perform its obligations under this Bond, and the Owner shall be entitled to enforce any remedy available to the Owner. If the Surety proceeds as provided in Section 5.4, and the Owner refuses the payment or the Surety has denied liability, in whole or in part, without further notice the Owner shall be entitled to enforce any remedy available to the Owner.

§ 7 If the Surety elects to act under Section 5.1, 5.2 or 5.3, then the responsibilities of the Surety to the Owner shall not be greater than those of the Contractor under the Construction Contract, and the responsibilities of the Owner to the Surety shall not be greater than those of the Owner under the Construction Contract. Subject to the commitment by the Owner to pay the Balance of the Contract Price, the Surety is obligated, without duplication, for

- .1 the responsibilities of the Contractor for correction of defective work and completion of the Construction Contract;
- .2 additional legal, design professional and delay costs resulting from the Contractor's Default, and resulting from the actions or failure to act of the Surety under Section 5; and
- .3 liquidated damages, or if no liquidated damages are specified in the Construction Contract, actual damages caused by delayed performance or non-performance of the Contractor.

§ 8 If the Surety elects to act under Section 5.1, 5.3 or 5.4, the Surety's liability is limited to the amount of this Bond.

§ 9 The Surety shall not be liable to the Owner or others for obligations of the Contractor that are unrelated to the Construction Contract, and the Balance of the Contract Price shall not be reduced or set off on account of any such unrelated obligations. No

right of action shall accrue on this Bond to any person or entity other than the Owner or its heirs, executors, administrators, successors and assigns.

§ 10 The Surety hereby waives notice of any change, including changes of time, to the Construction Contract or to related subcontracts, purchase orders and other obligations.

§ 11 Any proceeding, legal or equitable, under this Bond may be instituted in any court of competent jurisdiction in the location in which the work or part of the work is located and shall be instituted within two years after a declaration of Contractor Default or within two years after the Contractor ceased working or within two years after the Surety refuses or fails to perform its obligations under this Bond, whichever occurs first. If the provisions of this Paragraph are void or prohibited by law, the minimum period of limitation available to sureties as a defense in the jurisdiction of the suit shall be applicable.

§ 12 Notice to the Surety, the Owner or the Contractor shall be mailed or delivered to the address shown on the page on which their signature appears.

§ 13 When this Bond has been furnished to comply with a statutory or other legal requirement in the location where the construction was to be performed, any provision in this Bond conflicting with said statutory or legal requirement shall be deemed deleted herefrom and provisions conforming to such statutory or other legal requirement shall be deemed incorporated herein. When so furnished, the intent is that this Bond shall be construed as a statutory bond and not as a common law bond.

§ 14 Definitions

§ 14.1 **Balance of the Contract Price.** The total amount payable by the Owner to the Contractor under the Construction Contract after all proper adjustments have been made, including allowance to the Contractor of any amounts received or to be received by the Owner in settlement of insurance or other claims for damages to which the Contractor is entitled, reduced by all valid and proper payments made to or on behalf of the Contractor under the Construction Contract.

§ 14.2 **Construction Contract.** The agreement between the Owner and Contractor identified on the cover page, including all Contract Documents and changes made to the agreement and the Contract Documents.

§ 14.3 **Contractor Default.** Failure of the Contractor, which has not been remedied or waived, to perform or otherwise to comply with a material term of the Construction Contract.

§ 14.4 **Owner Default.** Failure of the Owner, which has not been remedied or waived, to pay the Contractor as required under the Construction Contract or to perform and complete or comply with the other material terms of the Construction Contract.

§ 14.5 **Contract Documents.** All the documents that comprise the agreement between the Owner and Contractor.

§ 15 If this Bond is issued for an agreement between a Contractor and subcontractor, the term Contractor in this Bond shall be deemed to be Subcontractor and the term Owner shall be deemed to be Contractor.

OWNER'S REPRESENTATIVE:  
(Architect, Engineer or other party:)

§ 1 The Contractor and Surety, jointly and severally, bind themselves, their heirs, executors, administrators, successors and assigns to the Owner to pay for labor, materials and equipment furnished for use in the performance of the Construction Contract, which is incorporated herein by reference, subject to the following terms.

§ 2 If the Contractor promptly makes payment of all sums due to Claimants, and defends, indemnifies and holds harmless the Owner from claims, demands, liens or suits by any person or entity seeking payment for labor, materials or equipment furnished for use in the performance of the Construction Contract, then the Surety and the Contractor shall have no obligation under this Bond.

§ 3 If there is no Owner Default under the Construction Contract, the Surety's obligation to the Owner under this Bond shall arise after the Owner has promptly notified the Contractor and the Surety (at the address described in Section 13) of claims, demands, liens or suits against the Owner or the Owner's property by any person or entity seeking payment for labor, materials or equipment furnished for use in the performance of the Construction Contract and tendered defense of such claims, demands, liens or suits to the Contractor and the Surety.

§ 4 When the Owner has satisfied the conditions in Section 3, the Surety shall promptly and at the Surety's expense defend, indemnify and hold harmless the Owner against a duly tendered claim, demand, lien or suit.

§ 5 The Surety's obligations to a Claimant under this Bond shall arise after the following:

§ 5.1 Claimants, who do not have a direct contract with the Contractor,

.1 have furnished a written notice of non-payment to the Contractor, stating with substantial accuracy the amount claimed and the name of the party to whom the materials were, or equipment was, furnished or supplied or for whom the labor was done or performed, within ninety (90) days after having last performed labor or last furnished materials or equipment included in the Claim; and

.2 have sent a Claim to the Surety (at the address described in Section 13).

§ 5.2 Claimants, who are employed by or have a direct contract with the Contractor, have sent a Claim to the Surety (at the address described in Section 13).

§ 6 If a notice of non-payment required by Section 5.1.1 is given by the Owner to the Contractor, that is sufficient to satisfy a Claimant's obligation to furnish a written notice of non-payment under Section 5.1.1.

§ 7 When a Claimant has satisfied the conditions of Sections 5.1 or 5.2, whichever is applicable, the Surety shall promptly and at the Surety's expense take the following actions:

§ 7.1 Send an answer to the Claimant, with a copy to the Owner, within sixty (60) days after receipt of the Claim, stating the amounts that are undisputed and the basis for challenging any amounts that are disputed; and

§ 7.2 Pay or arrange for payment of any undisputed amounts.

§ 7.3 The Surety's failure to discharge its obligations under Section 7.1 or Section 7.2 shall not be deemed to constitute a waiver of defenses the Surety or Contractor may have or acquire as to a Claim, except as to undisputed amounts for which the Surety and Claimant have reached agreement. If, however, the Surety fails to discharge its obligations under Section 7.1 or Section 7.2, the Surety shall indemnify the Claimant for the reasonable attorney's fees the Claimant incurs thereafter to recover any sums found to be due and owing to the Claimant.

§ 8 The Surety's total obligation shall not exceed the amount of this Bond, plus the amount of reasonable attorney's fees provided under Section 7.3, and the amount of this Bond shall be credited for any payments made in good faith by the Surety.

§ 9 Amounts owed by the Owner to the Contractor under the Construction Contract shall be used for the performance of the Construction Contract and to satisfy claims, if any, under any construction performance bond. By the Contractor furnishing and the Owner accepting this Bond, they agree that all funds earned by the Contractor in the performance of the Construction Contract are dedicated to satisfy obligations of the Contractor and Surety under this Bond, subject to the Owner's priority to use the funds for the completion of the work.

§ 10 The Surety shall not be liable to the Owner, Claimants or others for obligations of the Contractor that are unrelated to the Construction Contract. The Owner shall not be liable for the payment of any costs or expenses of any Claimant under this Bond, and shall have under this Bond no obligation to make payments to, or give notice on behalf of, Claimants or otherwise have any obligations to Claimants under this Bond.

§ 11 The Surety hereby waives notice of any change, including changes of time, to the Construction Contract or to related subcontracts, purchase orders and other obligations.

§ 12 No suit or action shall be commenced by a Claimant under this Bond other than in a court of competent jurisdiction in the state in which the project that is the subject of the Construction Contract is located or after the expiration of one year from the date (1) on which the Claimant sent a Claim to the Surety pursuant to Section 5.1.2 or 5.2, or (2) on which the last labor or service was performed by anyone or the last materials or equipment were furnished by anyone under the Construction Contract, whichever of (1) or (2) first occurs. If the provisions of this Paragraph are void or prohibited by law, the minimum period of limitation available to sureties as a defense in the jurisdiction of the suit shall be applicable.

§ 13 Notice and Claims to the Surety, the Owner or the Contractor shall be mailed or delivered to the address shown on the page on which their signature appears. Actual receipt of notice or Claims, however accomplished, shall be sufficient compliance as of the date received.

§ 14 When this Bond has been furnished to comply with a statutory or other legal requirement in the location where the construction was to be performed, any provision in this Bond conflicting with said statutory or legal requirement shall be deemed deleted herefrom and provisions conforming to such statutory or other legal requirement shall be deemed incorporated herein. When so furnished, the intent is that this Bond shall be construed as a statutory bond and not as a common law bond.

§ 15 Upon request by any person or entity appearing to be a potential beneficiary of this Bond, the Contractor and Owner shall promptly furnish a copy of this Bond or shall permit a copy to be made.

#### § 16 Definitions

§ 16.1 Claim. A written statement by the Claimant including at a minimum:

- .1 the name of the Claimant;
- .2 the name of the person for whom the labor was done, or materials or equipment furnished;
- .3 a copy of the agreement or purchase order pursuant to which labor, materials or equipment was furnished for use in the performance of the Construction Contract;
- .4 a brief description of the labor, materials or equipment furnished;
- .5 the date on which the Claimant last performed labor or last furnished materials or equipment for use in the performance of the Construction Contract;
- .6 the total amount earned by the Claimant for labor, materials or equipment furnished as of the date of the Claim;
- .7 the total amount of previous payments received by the Claimant; and
- .8 the total amount due and unpaid to the Claimant for labor, materials or equipment furnished as of the date of the Claim.

§ 16.2 Claimant. An individual or entity having a direct contract with the Contractor or with a subcontractor of the Contractor to furnish labor, materials or equipment for use in the performance of the Construction Contract. The term Claimant also includes any individual or entity that has rightfully asserted a claim under an applicable mechanic's lien or similar statute against the real property upon which the Project is located. The intent of this Bond shall be to include without limitation in the terms "labor, materials or equipment" that part of water, gas, power, light, heat, oil, gasoline, telephone service or rental equipment used in the Construction Contract, architectural and engineering services required for performance of the work of the Contractor and the Contractor's subcontractors, and all other items for which a mechanic's lien may be asserted in the jurisdiction where the labor, materials or equipment were furnished.

§ 16.3 Construction Contract. The agreement between the Owner and Contractor identified on the cover page, including all Contract Documents and all changes made to the agreement and the Contract Documents.

§ 16.4 Owner Default. Failure of the Owner, which has not been remedied or waived, to pay the Contractor as required under the Construction Contract or to perform and complete or comply with the other material terms of the Construction Contract.

§ 16.5 Contract Documents. All the documents that comprise the agreement between the Owner and Contractor.

§ 17 If this Bond is issued for an agreement between a Contractor and subcontractor, the term Contractor in this Bond shall be deemed to be Subcontractor and the term Owner shall be deemed to be Contractor.

§ 18 Modifications to this bond are as follows:

## (2) PROPOSER CERTIFICATION

### a. PROPOSER

The Proposer, or any affiliated entities of the Proposer, or any responsible official thereof, or any other official, agent or employee of the Proposer, any such affiliated entity, acting pursuant to the direction or authorization of a responsible official thereof has not, during a period of three years prior to the date of execution of this certification:

Bribed or attempted to bribe, or been convicted of bribery or attempting to bribe a public officer or employee of the City of Chicago, the State of Illinois, any agency of the federal government or any state or local government in the United States (if an officer or employee, in that officer's or employee's official capacity); or

Agreed or colluded, or been convicted of agreement or collusion among bidders or prospective bidders in restraint of freedom of competition by agreement to bid a fixed price or otherwise; or

Made an admission of such conduct as described above which is a matter of record but has not been prosecuted for such conduct.

The Proposer or agent, partner, employee or officer of the Proposer is not barred from contracting with any unit of state or local government as a result of engaging in or being convicted of bid-rigging in violation of Section 3 of Article 33E of the Illinois Criminal Code of 1961, as amended (720 ILCS 5/33E-3), or any similar offense of any state or the United States which contains the same elements as the offense of bid-rigging during a period of five years prior to the date of submittal of this bid, proposal or response.

The Proposer or any agent, partner, employee, or officer of the Proposer is not barred from contracting with any unit of state or local government as a result of engaging in or being convicted of bid-rotating in violation of Section 4 of Article 33E of the Illinois Criminal Code of 1961, as amended (720 ILCS 5/33E-4), or any similar offense of any state or the United States which contains the same elements as the offense of bid-rotating.

The Proposer understands and will abide by all provisions of Chapter 2-56 of the Municipal Code entitled "Office of the Inspector General" and all provisions of the Public Building Commission Code of Ethics Resolution No.5339, as amended by Resolution No. 5371.

The Proposer certifies to the best of its knowledge and belief, that it and its principals:

- 1) Are not presently debarred, suspended, proposed for debarment, and declared ineligible or voluntarily excluded from covered transactions by any federal, state or local department or agency.
- 2) Have not within a three-year period preceding this bid or proposal been convicted of or had a civil judgment rendered against them for: commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public (federal, state or local) transaction or contract under a public transaction; violation of federal or state antitrust statutes; commission of embezzlement, theft, forgery, bribery, falsification or destruction of records; making false statements; or receiving stolen property;

- 3) Are not presently indicted for or otherwise criminally or civilly charged by a governmental entity (federal, state or local) with commission of any of the offenses enumerated above; and
- 4) Have not within a three-year period preceding this bid or proposal had one or more public transactions (federal, state or local) terminated for cause or default.

b. CONSULTANTS & SUBCONTRACTORS

The Proposer has obtained from all subcontractors being used in the performance of this contract or agreement, known by the Proposer at this time, disclosures substantially in the form of Section 1, and certifications substantially in the form of Section 2, of this Disclosure Affidavit. Based on such disclosures and certification(s), and any other information known or obtained by the Proposer, is not aware of any such subcontractor or subcontractor's affiliated entity or any agent, partner, employee or officer of such subcontractor or subcontractor's affiliated entity having engaged in or been convicted of (a) any of the conduct describe herein of this certification; (b) bid-rigging, bid-rotating, or any similar offense of any state or the United States which contains the same elements as bid-rigging or bid-rotating, or having made an admission of guilt of the conduct described herein or (b) which is matter of record but has/have not been prosecuted for such conduct.

The Proposer will, prior to using them as subcontractors, obtain from all subcontractors to be used in the performance of this contract or agreement, but not yet known by the Proposer at this time, certifications substantially in the form of this certification. The Proposer shall not, without the prior written permission of the Commission, use any of such subcontractors in the performance of this contract if the Proposer or, based on such certifications or any other information known or obtained by Proposer, became aware of such subcontractor, subcontractor's affiliated entity or any agent, employee or officer of such subcontractor or subcontractor's affiliated entity having engaged in or been convicted of (a) any of the conduct described herein of this certification or (b) bid-rigging, bid-rotating or any similar offenses of any state or the United States which contains the same elements as bid-rigging or bid-rotating or having made an admission of guilt of the conduct described herein or (b) which is a matter of record but has/have not been prosecuted for such conduct. The Proposer shall cause such subcontractors to certify as such. In the event any subcontractor is unable to certify,, such subcontractor shall attach an explanation to the certification.

For all subcontractors to be used in the performance of this contract or agreement, the Proposer shall maintain for the duration of the contract all subcontractors' certifications required above, and Proposer shall make such certifications promptly available to the Public Building Commission of Chicago upon request.

The Proposer will not, without the prior written consent of the Public Building Commission of Chicago, use as subcontractors any individual, firm, partnership, corporation, joint venture or other entity from whom the Proposer is unable to obtain a certification substantially in the form of this certification.

The Proposer hereby agrees, if the Public Building Commission of Chicago so demands, to terminate its subcontractor with any subcontract if such subcontractor was ineligible at the time that the subcontract was entered into for award of such subcontract. The Proposer shall insert adequate provisions in all subcontracts to allow it to terminate such subcontract as required by this certification.

c. STATE TAX DELINQUENCIES

The Proposer is not delinquent in the payment of any tax administered by the Illinois Department of Revenue or, if delinquent, the Proposer is contesting, in accordance with the procedures established by the appropriate Revenue Act, its liability for the tax or amount of the tax.

Alternatively, the Proposer has entered into an agreement with the Illinois Department of Revenue for the payment of all such taxes that are due and is in compliance with such agreement.

If the Proposer is unable to certify to any of the above statements, the Proposer shall attach an explanation or explain below.

(Attach additional pages of explanation to this Disclosure Affidavit, if necessary.)

If the letters "NA", the word "None" or no response appears on the lines above, it will be conclusively presumed that the Undersigned certified to the above statements.

Without the prior written consent of the Public Building Commission of Chicago, Proposer will not employ any subcontractor in connection with the contract or proposal to which this Affidavit pertains without obtaining from such subcontractor a certification similar in form and substance to the certification contained in Paragraph A of this Section III prior to such subcontractor's performance of any work or services or furnishing any goods, supplies or materials of any kind under the proposal or the contract to which this Affidavit pertains.

Until completion of the Contract's performance under the proposal or contract to which this Affidavit pertains, the Proposer will not violate any federal, state or local statute, regulation or other Environmental Restriction, whether in the performance of such contract or otherwise.

h. INCORPORATION INTO CONTRACT AND COMPLIANCE

The above certification shall become part of any contract awarded to the Proposer set forth on page 1 of this Disclosure Affidavit and are a material inducement to the Public Building Commission of Chicago's execution of the contract, contract modification or contract amendment with respect to which this Disclosure Affidavit is being executed and delivered on behalf of the Proposer. Furthermore, Proposer shall comply with these certifications during the term and/or performance of the contract.

Under penalty of perjury, I certify that I am authorized to execute this Disclosure Affidavit on behalf of the Proposer set forth herein, that I have personal knowledge of all the certifications made herein and that the same are true.

The Proposer must report any change in any of the facts stated in this Affidavit to the Public Building Commission of Chicago within 14 days of the effective date of such change by completing and submitting a new Disclosure Affidavit. Failure to comply with this requirement is grounds for your firm to be deemed non-qualified to do business with the PBC. Deliver any such new Disclosure Affidavit to: Public Building Commission of Chicago, Deputy Director of Procurement, 50 W. Washington, Room 200, Chicago, IL 60602.
