

PUBLIC BUILDING COMMISSION OF CHICAGO

ADDENDUM NO.2
For Pre-Qualification of General Contractors
Gateway and 31st Street Harbor Construction Work

DATE: Monday, September 14, 2009

NOTICE OF CHANGES

The following changes are hereby made in the Pre-Qualification of General Contractors: Gateway and 31st Street Harbor Construction Work.

Change 1: Revise Section IV. Submittal Requirements, item D. Qualifications and Relevant Experience of Management Staff as indicated below:

Complete Part II. Experience and Qualifications, Section B C. *Key Personnel*/identifying available, appropriately qualified and experienced personnel (Project Manger, Superintendents, Scheduler, Quality Control Manager, Safety Manager) needed to provide required management services.

Question & Answers

Question 1: As I read the Joint Venture submittal instructions, we will both fill out complete sections I, II, III, and IV. We will also include a section I for the Joint Venture. In that J/V (section I) response, it asks for a Percentage of Interest for the J/V. It is our intensions to split the work based on the value of the work we will each be responsible for at the time of the bid. Would you like us to put a % of Interest guess, based on the Conceptual Rendering or is it acceptable to use TBD (To Be Determined)? We could then put an accurate valuation on the J/V % of Interest when we would receive bidding documents and we can define each member's role?

Answer 1: Respondents must indicate the name of each partner and the percentage of interest of each. The respondent may provide a notation indicating the percentages maybe modified at time of bid.

Question 2: We do not hold either a State of Illinois or City of Chicago contractor's license at this time. I trust we would have time to procure those before construction was to commence.

Answer 2: The City of Chicago Municipal Code mandates that no business activity may take place without first obtaining the required license(s). The required license must be obtained before time of bid.

END OF ADDENDUM NO.2

Mayor Richard M. Daley, Chairman
