FOR

ENGINE COMPANY 16

53 E. PERSHING ROAD

NEW CONSTRUCTION

PROJECT # 07060

DATE: February 3, 2011

NOTICE OF CHANGES IN CONTRACT DOCUMENTS

The following changes are hereby made in the Contract Documents.

Changes to Book 1 PROJECT INFORMATION, INSTRUCTIONS TO BIDDERS, AND EXECUTION DOCUMENTS:

Change 1: Delete in its entirety, Exhibit #1 Illinois Department of Labor Prevailing Rates of Hourly Wages for Cook County and replace Exhibit# 1 with the State of Illinois Prevailing Wage Rates (See revised attachment, Exhibit#1 Prevailing Wage Rates).

Change 2: Replace in section II. Project Information, part F. Prevailing Wage Rates to read as:

F. Prevailing Wage Rates

Contractor understands and agrees that, in addition to the Davis-Bacon provisions in the Contract, Contractor must comply with the "Wage Rate Requirements" provisions set forth in Section 2, Division A., Title XVI, Section 1606 of the Recovery Act. To the extent there is a conflict, the Recovery Act will control. All laborers and mechanics employed by Contractor on projects funded directly by or assisted in whole or in part by and through the federal government pursuant to the Recovery Act, regardless of location, shall be paid wages at rates not less than those prevailing on projects of a character similar in the locality as determined by the Secretary of Labor in accordance with subchapter IV of chapter 31 of title 40, United States Code. With respect to the labor standards specific in section 1606 of the American Recovery and Reinvestment Act of 2009, the Secretary of Labor shall have the authority and functions set forth in Reorganization Plan numbered 14 of 1950 (64 Stat. 1267, 5 U.S.C. App.) and section 1345 of title 40 United States Code.

Change 3: **DOCUMENT SUBMITTAL CHECKLIST –Page 44.**

QUESTIONS & ANSWERS

- Q1. On partial West Elevation 41/A4.1, section cut 56/A5.3 calls for fascia/coping to be per Detail 11/A6.2 per the Roof Plan A1.3. Also Detail 1/A6.5 references the same condition. Which is correct?
- A1. Both details are correct. As explained in the Tech Review Meeting, and on the drawings, one series is for wall construction (A6.1 thru A6.4, titled "wall details"), the other is for roof construction (A6.5 thru A6.8, titled "roof details").
- Q2. Section 07415 Composite Wall Panels – page 6: 5 manufacturers are listed as approved. 3 of the manufacturers make the panel facing skins to be 0.020" -Alucobond, Reynobond and Alpolitic. Centria "can" make the panels with facings of 0.032", but they can only manufacture in 8mm panel thickness. Alucobond, Reynobond and Alpolitic manufacture in 4mm panel thickness. Is a 4mm panel with 0.020 facing approved?
- A2. The 0.020 "skin" is acceptable. Overall panel thickness is a function of meeting structural performance requirements. See Addendum No 3 "Changes to Book 3: TECHNICAL SPECIFICATIONS - Change 2"
- Q3. We would appreciate your clarification of the following item at your earliest convenience. Part 1.5 of specification section 05120, Structural Steel, calls for the shop paint applicator (steel fabricator) to carry AISC's, "Sophisticated Paint Endorsement P1 or SSPC-QP3." There are only (3) steel fabricators in the state of Illinois that carry this paint endorsement. Please consider removing this requirement in order to receive more competitive pricing.
- A.3 The requirement can be deleted. See Addendum No 3 "Changes to Book 3: TECHNICAL SPECIFICATIONS - Change 1"

Questions 4 thru 9 refer to the Furniture System, see sheets A16.1 and A16.2

- Q4. Rm A148 – the F-5's shown have double the amount of tags. Have these quantities increased or is this duplication? What should the ultimate number be for this office?
- A4. The tags are duplicated. Quantity of four as shown dotted on the plan is correct.
- Q5. Rm A102 - PD-1, CPU Cradles, and Monitor Arms – We do not see tags for these on the plan. Can you share the quantities or areas these are needed?
- A5. See Detail 21/A8.4 as keyed on Sheet A16.1.
- Q6. Rm A134 – This room has been switched from the original plan of an Officer's Quarters to a Hazmat Office. Currently your notes show a duplication of the Deputy Chief office. Should we continue this detail/level for the Hazmat office or will this be a shared office more similar to the standards of the Assistant deputy chief?
- A6. Provide furniture as indicated.
- Q7. Rm A102 -Tag F-1 seems to be missing from the plan. With this detail (galaxy front) it should be located in either the Fire station side or the Officers qtr. Is there a quantity for this or an old tag?
- A7. See Detail 21/A8.4 as keyed on Sheet A16.1.
- Q8. Tag WT-1 is noted as a 2" common top over filing. This is located in the Officers qtrs. Currently all tops in that area should be the 1 3/16" top verses the 2". We would like to substitute for the 1 3/16" to keep with the consistency and lower cost. Is this acceptable?

PUBLIC BUILDING COMMISSION OF CHICAGO

- A8. Provide top as specified.
- Q9. Rm A102 – Are there to be tags for this area or a blow up plan? There are chairs shown with no tags. Are these to be included? (Tag C-1)
- A9. See Detail 21/A8.4 as keyed on Sheet A16.1.

Questions 10 thru15 refer to Building Signage

- Q10. Please clarify the finish, ie: Cl, Anodized or Baked enamel, for the exterior cast aluminum letters shown on sheets A 3.1 and A6. 3.
- A10. Finish to be satin aluminum.
- Q11. Please provide the size for the "Emergency Medical Services" vinyl letters and logo shown of sheet A3.1
- A11. Sizes clarified in Addendum No. 2.
- Q12. Please provide size, materials, finish for the LEED Plaques shown on sheet A8.8
- A12. Size to be 14" x 18". Finish to be the same as the dedication plaque on detail 33/A8.7.
- Q13. Please provide the height and depth of the stainless steel letters shown on sheet A8.6.
- A13. All the letters on Det 31/A8.6 to be 3" high as noted. Depth of letters to be ½".
- Q14. For Section 10140 Signage, Paragraphs 2.4.A.2 and 2.4.A.8 please clarify if frames are to be provided and if so the material and the finish for them.
- A14. "All the signs are "frameless". Sign types A and B are "Room Signs. Sign type C is a "Toilet Room Sign". Sign types D thru R are "Identification Signs".
- Q15. For Section 10140 Signage, Paragraphs 2.4.C please provide the locations on the plans.
- A15. The sign locations are indicated on sheet A13.1
- Q16. For Fire station 16, the ITB documents clearly lays out the State of Illinois Prevailing Wages are the wage rates applicable to this project. Addendum #1 introduces Federal Davis Bacon Wages into the project documents. Does Federal Davis Bacon override State of Illinois PW or are the Federal Davis in addition to the State Wages? It does not appear that the introduction of Federal Wages overrides the state wages.
- A16. See Addendum no. 3, Change to Book 1, Project Information, Instructions to Bidders, and Execution Documents, changes #1 and #2 above.

Unlisted classifications needed for work not included within the scope of the classifications listed may be added after award only as provided in the labor standards contract clauses (29CFR 5.5 (a) (1) (ii)).

PUBLIC BUILDING COMMISSION OF CHICAGO

In the listing above, the "SU" designation means that rates listed under the identifier do not reflect collectively bargained wage and fringe benefit rates. Other designations indicate unions whose rates have been determined to be prevailing.

WAGE DETERMINATION APPEALS PROCESS

1.) Has there been an initial decision in the matter? This can be:

- * an existing published wage determination
- * a survey underlying a wage determination
- * a Wage and Hour Division letter setting forth a position on a wage determination matter
- * a conformance (additional classification and rate) ruling

On survey related matters, initial contact, including requests for summaries of surveys, should be with the Wage and Hour Regional Office for the area in which the survey was conducted because those Regional Offices have responsibility for the Davis-Bacon survey program. If the response from this initial contact is not satisfactory, then the process described in 2.) and 3.) should be followed.

With regard to any other matter not yet ripe for the formal process described here, initial contact should be with the Branch of Construction Wage Determinations. Write to:

Branch of Construction Wage Determinations
Wage and Hour Division
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210

2.) If the answer to the question in 1.) is yes, then an interested party (those affected by the action) can request review and reconsideration from the Wage and Hour Administrator (See 29 CFR Part 1.8 and 29 CFR Part 7). Write to:

Wage and Hour Administrator
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210

The request should be accompanied by a full statement of the interested party's position and by any information (wage payment data, project description, area practice material, etc.) that the requestor considers relevant to the issue.

3.) If the decision of the Administrator is not favorable, an interested party may appeal directly to the Administrative Review Board (formerly the Wage Appeals Board). Write to:

Administrative Review Board
U.S. Department of Labor

PUBLIC BUILDING COMMISSION OF CHICAGO

200 Constitution Avenue, N.W.
Washington, DC 20210

4.) All decisions by the Administrative Review Board are final.
