PUBLIC BUILDING COMMISSION OF CHICAGO

Contract No. 1464

V. PROPOSAL SUPPORT DOCUMENTS

A. Basis of Award (Award Criteria)

To promote the intended goal of economic opportunity and maximize the use of minority personnel on this project, the Public Building Commission of Chicago has established the Award Criteria formula for the purpose of evaluating proposals and awarding the contract. A contract in the amount of the total Base Bid or Base Contract Price will be awarded to the responsible bidder with the lowest Award Criteria Figure. The Public Building Commission of Chicago reserves the right to check all calculations for accuracy. The fulfillment of the Award Criteria does not abrogate the responsibilities of the Contractor to comply with federal and state requirements under the Equal Employment Act and the Illinois Human Rights Act.

1. Instructions

The Bidder shall complete the Award Criteria Formula and transfer the final Award Criteria Figure - Line 15 to the space provided on the itemized proposal sheet. Failure to complete the formula may be cause for rejection of the Bidder's proposal. The successful bidder will be held responsible for adhering to the figures submitted in Lines 1, 2, 4, 6, 8, 10 and 12 during construction of the project.

Lines 2, 4 and 6 in the formula shall not be greater than fifty percent (50%) in each category for the sole purpose of determining award of the contract. Similarly, lines 8, 10 and 12 shall not be greater than ten (10%) percent in each category for the purpose of award criteria only. The fifty percent (50%) and ten percent (10%) goals are not intended to restrict the total number of minority and female employees to be used on the project, but only to establish limiting figures for use in the formula. Journeyworker includes journeyworkers from the major trades listed herein, and the teamsters. Watchmen and custodial workers are not creditable in the formula.

3. Community Hiring Bonuses

In order to encourage maximum employment of interested and available residents of the project community on this project, the following bonus calculations shall apply:

- a) In calculating the hours worked by minority and women journeyworkers, apprentices, and laborers under the Award Criteria set out in Part V.A. "Basis of Award (Award Criteria)," all hours worked by minority and women journeyworkers, existing apprentices, and laborers who are residents of the project community shall be multiplied by 1.5.
- b) In calculating the hours worked by minority and women apprentices under the Award Criteria set out in Part V "Proposal Support Documents," all hours worked in new apprenticeships by minority and women apprentices who are residents of the project community shall be multiplied by 2.0.

Definitions

"Actual residents of the City of Chicago" shall mean persons domiciled within the City of Chicago. The domicile is an individual's one and only true, fixed, and permanent home and principal establishment.

"Residents of the project community" shall mean persons domiciled within the project area as designated by the Executive Director.

"New Apprenticeship" shall mean an apprenticeship begun for a person who has not held an apprenticeship card within ninety (90) days prior to beginning the project.

4. Liquidated Damages

The Contractor hereby consents and agrees that, in the event that it fails to comply with each of the minimum commitments submitted with this Proposal on Lines 2, 4, 6, 8, 10, and 12 of the Award Criteria Formula, covering minority and female Journeyworkers, apprentices, and laborers respectively, the following shall apply.

If the total hours in any category for which a percentage is assigned in Lines 2, 4, 6, 8, 10, or 12 of the Award Criteria equals zero at the completion of the work, then a net deficiency of the entire percentage assigned will be deemed to exist. For any net deficiency in each category, the following amounts shall be deducted as liquidated damages from monies due the Contractor and the Contract Sum modified accordingly:

PUBLIC BUILDING COMMISSION OF CHICAGO

Contract No. 1464

- a.) For each full one (1%) percent deficiency of minority Journeyworkers not utilized – four cents per each hundred dollars of the base bid calculated as follows:

$$\frac{\text{Line 1 x 04}}{100}$$

Each one (1%) percent deficiency toward the goal for female Journeyworkers (Line 8) shall be calculated in the same way.

- b.) For each full one (1%) percent deficiency of minority apprentices not utilized – three cents per hundred dollars of the base bid calculated as follows:

$$\frac{\text{Line 1 x 03}}{100}$$

Each one (1%) percent deficiency toward the goal for female apprentices (Line 10) shall be calculated in the same way.

- c.) For each one (1%) percent deficiency of minority laborers not utilized – one cent per each hundred dollars of the base bid calculated as follows:

$$\frac{\text{Line 1 x 01}}{100}$$

Each one (1%) percent deficiency toward the goal for female laborers (Line 12) shall be calculated in the same way.

- d.) Liquidated damages, if any, will be calculated for the first pay requests reflecting fifty percent (50%) completion, seventy-five percent (75%) completion, and ninety percent (90%) completion, respectively, based upon the Contractor's pay request together with all attendant certified payrolls and other required documentation of minority and women employment. The accrued liquidated damages and interest will be added to the retention provided elsewhere in this contract. The amount of liquidated damages due to the Commission under this provision will bear compound interest at the rate of 5% per annum, compounded monthly from the date of the Notice to Proceed to the date of approval of a deductive change order for liquidated damages. Should the total amount of liquidated damages due under all provisions of this contract exceed the amount of the Commission's retainage, compound interest on the amount over and above the retainage will continue to accrue until the entire amount of liquidated damages and compound interest is paid to the Commission.
- e.) The Commission is aware that certain subcontract agreements under this contract may require subcontractors to contribute to payment of liquidated damages assessed under this provision. Should enforcement of subcontract liquidated damages provisions result in an aggregate total of subcontractor liquidated damages greater than the liquidated damages assessed hereunder against Contractor, then Contractor must pay the excess pro rata as a bonus to each subcontractor exceeding its subcontract commitments for minority or women employment, or both.

5. Reporting

In accordance with this commitment, the Contractor must submit both the Contractor's Payroll Record Form and the Contractor's Recapitulation of Minority and Female Worker Hours and Percentages Form on a monthly basis. All Subcontractors shall be listed on the Contractor's Recapitulation Form whether active or not. For the purpose of this report, the following group categories will be used:

- a.) The classification "White" includes person of Indo-European descent.

PUBLIC BUILDING COMMISSION OF CHICAGO

Oakley shall provide personnel to supervise, manage and control its Contract scope of work by providing the services of a project superintendent and project manager, as well as other operative personnel as may be required. In addition, utilizing appropriate construction trade workers, Oakley will self-perform carpentry work including furnishing and installing hollow metal doors, frames, and wood doors. Like wise, it is agreed that the balance of the Contract value and remaining scope of project general work shall be subcontracted to The George Sollitt Construction Company. The subcontracted work shall be performed on behalf of the Joint Venture partnership and taken together shall constitute the total work under the Contract.

9. (a) All necessary working capital, when and as required for the prosecution of the Contract, shall be furnished by SOLLITT and OAKLEY in proportion to its equity share. A bank account shall be opened in such bank and under such names as the parties may determine, in which all the funds advanced hereunder for the performance of the Contract as well as the funds received on account thereof shall be deposited. Withdrawals shall be made from such bank account in such manner and in such form as SOLLITT and OAKLEY from time to time direct and by signatories designated by them.
- (b) Within five days after the award of the Contract to the Joint Venture, SOLLITT and OAKLEY shall proportionally advance and pay into such bank account the initial sum of (\$5,000.00). All additional capital required under the Contract for the Project shall be determined as follows: Within ten days after both of the parties determine that any additional sums are required for the performance of the Contract, both parties shall

deposit in such bank account such proportional amounts as shall be designated by the parties.

(c) In the event either party hereto is unable or fails or neglects to advance or contribute its proportionate share of the working capital required in the performance of the Contract, then the other party may, but need not, advance such deficiency or any part thereof, and the party so advancing such deficiency shall receive interest on such excess funds at a rate which is one percent (1%) above the prime rate of interest charged from time to time by the Fifth Third Bank. Such advance shall bear interest from the date of advancement to the date of repayment, and such excess funds shall be repaid in full with such interest from the said bank account or accounts prior to any sums being paid to the non-advancing member of the Joint Venture. The interest so paid shall be deducted from the funds otherwise due the party who failed to contribute its proportionate part of the working capital. The party failing to advance its share of working capital shall not be relieved of its obligation to share its proportionate share of the loss in the Joint Venture as set forth in Paragraph 9.

(d) Except as provided in Paragraph 11 for the repayment of excess funds advanced by one party, no part of any advances deposited in said bank account or accounts shall be returned to any of the parties and no distribution of profits shall be made prior to the completion of the Project except as may otherwise be mutually agreed upon in writing by the parties hereto. On completion of the Project, all working capital advanced shall be repaid to the party or parties advancing the same prior to the distribution of any profits as hereinafter provided.

(e) Funds that are temporarily considered excess shall be invested by the Joint Venture in a manner jointly approved by the parties.

10. Neither party shall have the right to borrow money on behalf of the other party, or to use the credit of the other party for any purpose nor shall money be borrowed in the name of the Joint Venture except as may be authorized jointly by SOLLITT and OAKLEY.
11. To facilitate handling of all matters and questions in connection with the performance of the Contract by SOLLITT and OAKLEY, each of the parties appoints the following Representatives and Alternates to act on its behalf in relation to any and all matters or things in connection with, arising out of, or relative to the Joint Venture and in relation to any matters or things involving the performance of the Contract and the Project, including but not limited to those of a contractual nature with the Public Building Commission of Chicago, Chicago, Illinois, and any of its departments, or with third persons. Actions and decisions of the SOLLITT and OAKLEY Representatives shall be by unanimous vote.

The following are appointed the initial and alternate Representative of the parties:

SOLLITT

OAKLEY

Representative: Howard Strong

Representative: Augustine Afriyie

Alternate: John Pridmore

Alternate: Anthony Kwateng

Either party may at any time and from time to time change its Representative or appoint a successor Representative by filing with the other a written notice and duly executed

appointment of a new representative or Alternate. If a Representative at any time resigns or is unable to act (temporarily or permanently) his Alternate shall act in his place and stead with the same authority as such Representative and the Alternate's action shall be binding upon the party who appointed him.

12. Each party shall have a voice equal to its proportional share in the management of the Joint Venture. The Representatives of SOLLITT and OAKLEY shall meet from time to time as required to act on necessary matters pertaining to the Project. All decisions, commitments, agreements, undertakings, understandings, or other matters pertaining to the performance of the Project shall be mutually agreed upon by such Representatives. No Representative shall be liable to the parties by reason of his acts as such, except in the case of his gross negligence or actual fraudulent or dishonest conduct.
13. The general supervision and management of the work called for by the Contract and any and all matters relating thereto shall be under the general charge and control of a Project Management Team who shall be subject only to the joint control and direction of the Representatives. The Project Management Team shall be given such specific powers as the parties may from time to time delegate. The Project Management Team shall be appointed by the Representatives of SOLLITT and OAKLEY and shall serve as such during their pleasure; the members of the Project Management Team at the time of appointment may be an employee of SOLLITT or OAKLEY.
14. Subject to the joint control and direction of the Representatives the supervision of accounting, finances, and taxes of the Project shall be under the general charge and control of a Project Controller. The Project Controller shall be nominated by the Representatives of SOLLITT and OAKLEY and shall serve as Project Controller during

their pleasure; the Project Controller at the time of appointment may be an employee of SOLLITT or OAKLEY.

15. (a) Under the direction of the Project Controller separate books of account for the performance of the Contract and all matters pertaining thereto shall be kept and maintained at the Project office of the Joint Venture. All records of the Joint Venture shall be open for inspection by SOLLITT or OAKLEY at all reasonable times. The books of the Joint Venture shall be maintained on a percentage of completion basis for both book and tax reporting. Periodic reporting to each party shall be made from time to time with such statements and reports relating to the progress of the performance of the Contract and as to the financial condition of the Joint Venture as requested. At the completion of the Contract and at such intervals as the parties may agree upon each party shall be furnished with a complete account of the receipts and disbursements of the Joint Venture.

(b) At December 31 of each year during the existence of the Joint Venture and at the completion of the Contract if requested by either party the accounts of the Joint Venture shall be audited by a mutually accepted firm of independent certified public accountants. Each such audit shall be performed in a manner which will permit the accountant to express an unqualified accountant's opinion with respect to the financial statements of the Joint Venture if the existing facts warrant such an unqualified opinion. The cost of each audit shall be borne by the Joint Venture.

(c) To the extent that the records of the Joint Venture must be kept subsequent to the completion of the Contract, pursuant to the provisions of law, the same shall be kept at

such place or places as the parties may from time to time determine, and the cost thereof shall be born equal to its proportional share by SOLLITT and OAKLEY.

16. Cost of construction shall consist of the costs of all subcontracts labor, material, plant, and equipment purchased or rented, bonds, insurance, taxes on labor and material, imports, charges, management fees, legal fees, liabilities not secured by insurance, and all other expenses and obligations incurred or suffered in and about the performance of the Project that are of a nature properly charged as a cost of the performance of the Project under sound accounting practices. Such costs shall not include any charges against the Joint Venture for any overhead expenses or charges of the main or branch offices of the parties or for the time which may be expended in connection with the Project by any of the parties or their officers or employees, except as may be approved by the parties and except as provided for by this Agreement nor shall such costs include any part of a party's capital or interest expense.

If approved by the SOLLITT and OAKLEY Representatives, either party may be reimbursed upon presentation of supporting records for costs directly associated with the Project as follows:

- (a) Wages paid for labor in the direct employ of the party but engaged directly in the performance of the work of the Project under applicable collective bargaining agreements, or under a salary or wage schedule agreed upon by such Representatives, and including such welfare or other benefits, if any, as may be payable with respect thereto.
- (b) Salaries of personnel of either party when temporarily stationed at the Project office in performance of duties necessary to the work of the Project (personnel engaged at shops or on the road in expediting the procurement or transportation of materials or equipment,

shall be considered as stationed at the Project office) and their salaries shall be paid for that portion of their time spent on this work. Representatives will not be considered stationed at the Project office when attending their duties as such.

(c) Cost of contributions, assessments, or taxes for such items as unemployment compensation and social security, insofar as such cost is based on wages, salaries, or other remuneration paid to employees of the Joint Venture and included in the cost of the Project under subparagraphs (a) and (b).

(a) Rental charges of necessary machinery, office or warehouse type facility and equipment, exclusive of hand tools, used at the site of the Project.

(b) Cost of premiums for all types of bonds and insurance which the Joint Venture is required by the Contract or law to purchase and maintain including premiums for Payment and Performance Bonds on Subcontractors. Said insurance shall be with a qualified company acceptable to both parties who will strive to obtain the most economical price for said insurance through an insurance broker or brokers agreed upon by the parties.

17. (a) Each party shall own its proportionate share of all the equipment, machines, tools, materials, supplies and other property which is purchased by the Joint Venture or charged to the account of the Joint Venture. At the completion of the Contract or sooner if such property is no longer required for the performance of the Contract, such property shall be divided between the parties in a manner agreed upon by them. If the parties are unable to agree on the division of some or all of such property, the property as to which the parties are unable to agree upon shall be sold and each party shall be paid its proportionate share

of the sale proceeds. All funds and property purchased by the Joint Venture shall be held in the name of the Joint Venture.

(b) It is contemplated that in the performance of the work under the Contract, plant and equipment owned by the parties hereto may be used. Each party agrees to rent to the Joint Venture on terms, if any, established in the Contract or on terms approved by the Joint Venture Representatives such of its plant and equipment as is available and suitable for the performance of said work and as requested by the Joint Venture Representatives. The proceeds of such plant and equipment rentals shall belong to, and be credited and paid to, the Joint Venturer furnishing such plant and equipment, and the other Joint Venturer shall have no interest in such plant, equipment, and equipment rentals and no responsibility in connection therewith. Each party shall submit a statement to the Joint Venture each month for the rental, if any, of its equipment during the preceding month. Such statement shall be in such detail as the Project Controller requires.

(c) The Joint Venture shall bear the cost relating to the equipment rented from a party including cost of operation, fuel oil and lubricants, preventive maintenance, minor repairs and minor repair parts, tires and tubes worn or damaged by careless equipment operation and by unusually rough job conditions. The party owning the equipment shall bear the cost of major repairs to and major repair parts for the equipment and of repairing or replacing tires and tubes worn or damaged by normal use of the equipment. Each owner shall fully insure the equipment at its cost and the Joint Venture shall not be responsible for the lose of or any damage to the equipment while it is in the custody or control of the Joint Venture.

(d) Accurate and complete records of the various types of equipment purchased or rented for use in the Project shall be maintained on behalf of the Joint Venture.

18. Upon the completion of the Project, after providing for and paying (a) all costs disbursed or incurred in the performance of the Contract; (b) all other costs and charges ordinarily and usually charged as costs in the performance of the Contract; (c) any and all claims not secured by insurance; (d) proper reserves for any claims which shall have either been brought against the parties or which the parties may reasonably anticipate will be brought against them; and (e) reserves for contingencies, if any, including Contract guarantees that shall be determined by the parties in their discretion to be necessary, and after repaying all sums advanced by the parties for working capital, any profits thereafter remaining, resulting from the performance of the Contract, shall be distributed and divided equal to its proportional share between SOLLITT and OAKLEY. Any reserves, when no longer required, or so much thereof as shall remain, shall be similarly distributed. It is the intent of this Joint Venture Agreement that before the final distribution of funds is made to SOLLITT and OAKLEY, all costs and charges incurred in the performance of the contract be satisfied.

19. (a) If the performance of the Contract results in a loss, the parties shall be obligated in accordance with paragraph 9 for any such loss (irrespective of the fact that with SOLLITT or OAKLEY may have advanced more than its respective share of working capital as provided above). Such liability of SOLLITT and OAKLEY for the bearing of losses shall continue with respect to any claims which at any time, either before or after the completion of the Contract, shall be made against them or either of them by reason of this Joint Venture or any matter or thing in connection therewith.

(b) In the event of loss:

1. If any funds remain, and both SOLLITT and OAKLEY have contributed their required proportions of working capital, then such remaining funds shall be paid to SOLLITT and OAKLEY in the amounts contributed by each, less their respective shares of the loss.
2. If both SOLLITT and OAKLEY have not contributed their required proportions of working capital, but sufficient funds are available, then such funds shall be repaid to SOLLITT and OAKLEY in the amounts contributed by each, less their respective shares of the loss.
3. If both SOLLITT and OAKLEY have not contributed their required proportions of working capital, and there are insufficient funds to accomplish the division prescribed in the preceding subdivision, and if there is a deficit in the account of one of the parties by reason of its failure to contribute its required proportion of working capital, then such defaulting party shall make up the deficit in its account. Upon its failure to do so the indemnity provisions of paragraph 9 of this Agreement shall become operative, so as to insure that the non-defaulting party shall bear no more than its proportionate share of the loss.
4. If both SOLLITT and OAKLEY have not contributed their required proportions of working capital, and no funds remain or some liabilities are unsatisfied, then the indemnity provisions of paragraph 9 of this Agreement shall become operative, so as to insure that neither party shall bear more than its proportionate share of the loss.

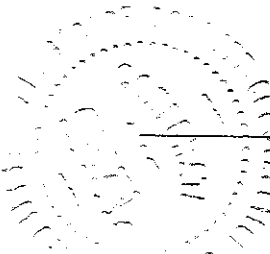

20. Upon the bankruptcy or insolvency of either SOLLITT or OAKLEY or should either party commit any act of bankruptcy or take advantage of any bankruptcy, reorganization, composition, or arrangement statute, then, from and after such date, such party (hereinafter referred to as the "insolvent party") and its Representative and Alternate, as hereinbefore referred to (anything in this Agreement to the contrary notwithstanding), shall cease to have any voice in the management of the Project and the Contract. All acts, consents, and decisions with respect to the Project and the Contract shall thereafter be taken solely by the other party, its Representative and Alternate. Notwithstanding the foregoing, the insolvent party shall remain liable for its share of any losses, and shall be entitled to receive its share of any profits, such profits to be paid at the time and in the manner provided in this Agreement.
21. The relationship between the parties shall be limited to the performance of the Contract in accordance with the terms of the Agreement. This Agreement shall be construed and deemed to be a Joint Venture for the sole purpose of carrying out the Contract. Nothing herein shall be construed to create a general partnership between the parties or to authorize either party to act as a general agent for the other party, or permit either party to bid for or to undertake any other contracts for the other party.
22. Neither this Agreement nor any interest of either of the parties herein (including any interest in moneys belonging to or which may accrue to the Joint Venture in connection with the Contract, or any interest in the joint accounts, or in any property of any kind employed or used in connection with the Contract) may be assigned, pledged, transferred, or hypothecated, without the prior written consent of the parties hereto.

23. All moneys contributed by the parties to this Joint Venture and all moneys received as payments under the Contract or otherwise received shall be treated and regarded as, and are hereby declared to be, trust funds for the performance of the Contract and for no other purpose until the Contract shall have been fully completed and accepted by the Public Building Commission of Chicago, Illinois, and until all obligations of the parties hereto shall have been paid, otherwise discharged, or provided for by adequate reserves. Such reserves shall likewise be treated as trust funds until they shall have served the purposes for which they were created. Proper fidelity bond coverage shall be maintained on all persons who are directly connected with performance of the Contract, and the cost of such fidelity bond premiums shall be part of the construction cost.
24. Subject to the provisions of paragraph 23 this Agreement shall insure to the benefit of and shall be binding upon the respective successors and assignees of the parties hereto.
25. This Joint Venture Agreement shall be interpreted and construed in accordance with the laws of the State of Illinois.
26. All notices pertaining to this Joint Venture shall be in writing and shall be transmitted either by personal hand delivery or through the facilities of the United States Post Office. The addresses set forth above for the respective parties shall be the places where notices shall be sent, unless written notices of change of address is given.
27. All disputes (other than matters of policy with respect to the performance of the Contract) shall be submitted by the parties to arbitration under the auspices of the American Arbitration Association in accordance with its rules.

28. The business address for this Joint Venture shall be: 790 North Central Avenue,
Wood Dale, Illinois, 60191.

In witness whereof the parties have fully executed this Agreement on the day and year first
above written.

PUBLIC BUILDING COMMISSION OF CHICAGO

- Answer 1: Detail 9, drawing sheet C2.1-2, Pavement Widening Adjacent to New Construction, applies at all curb and gutter replacement locations. Repair of street is required in accordance with this detail.
- Question 2: "Detail 2 on plan sheet C2.1-1 shows the trench backfill starting at the spring line of the pipe. On plan sheet C1.0 under Bedding it states that trench backfill will begin 12" above the top of the pipe. Which is correct?"
- Answer 2: Detail 2 on drawing sheet C2.1-1 shall take precedence. The referenced note under 'Bedding' on C1.0 has been revised. Refer to drawing sheet C1.0, Addendum #2, dated 02.20.08.
- Question 3: "Sheets A3.3 and A3.4 of the contract documents show the curtain wall profile to be 6" and 8"; however the specifications call for Tubelite which is a 4" profile system. Which is correct?"
- Answer 3: Tubelite 400 Series Curtainwall is available in variable frame depths, including the 6", 8", and 10" overall depths shown on the drawings. The frame depths shall be provided as noted on drawings. Refer also to drawing sheets A3.3 and A3.4, Addendum #2, dated 02.20.08.
