SECTION 4 –TEMPORARY CHAIN LINK FENCING DETAILED SPECIFICATIONS

4.1 GENERAL

This specification covers all materials and installation criteria necessary to furnish and install a complete chain link fence system on this project. An 8-0 high fence with posts installed in a closed city street or in soils must support a silt fence and windscreen material. All materials, including chain link fabric, framework, gates, fittings, silt fence and windscreen material are defined in this section. The removal of the fencing is by others.

4.2 PRODUCTS

Post and rails shall be roll formed, open seam self-draining shapes, zinc or galvanized standard weight pipe. All fittings shall be pressed steel or malleable iron and shall be hot dip galvanized conforming to ASTM-A153. Tie wires shall be minimum 9 gauge aluminum or 11 gauge galvanized steel. Line and terminal posts to be of sufficient length to allow for approximately 30" of post to be mechanically driven into the grade. Maximum spacing of line posts to be 10-0" unless noted on drawing. Fence to follow ground line unless otherwise provided for in this specification.

1. FABRIC

Chain link fabric shall be either aluminum coated conforming to ASTM-A491 or zinc coated conforming to ASTM-A392 Class 2. Fabric shall be woven from 11 gauge (coated size) wire in 2 inch mesh. Fabric 96 inches high and over shall be knuckled at one selvage and twisted and barbed at the other selvage.

2. LINE POSTS

Line post shall be 2 3/8 inches O.D. standard weight pipe with minimum bending strength of 201 pounds under a 6 foot cantilever load and shall be coated with 2.0 ounces of hot dipped zinc in accordance with ASTM-F1083 or equal.

3. TOP AND BRACE RAIL

Top and brace rails shall be standard weight zinc coated pipe with minimum vertical bending strength of 202 pounds on a 10' span and coated with 2.0 ounces of hot dipped zinc in accordance with ASTM-F1083 or equal.

4. TERMINAL POSTS

All end, corner, and pull posts shall be 2 7/8" O.D. galvanized standard weight pipe with minimum bending strength of 381 pounds on 6' cantilever load and coated with 2.0 ounces of hot dipped zinc in accordance with ASTM-F1083 or equal. Gate posts shall be of the following sizes for single swing gates or one leaf of double gates:

Leaf Width	Gate Post	Lbs/Lin.Ft.
Up to 6'		4.85
2 7/8 O.D. pipe		5.79
Over 6' to 13'	4" O.D. Pipe	9.11
Over 13' to 18'	6 5/8" O.D. Pipe	18.97
Over 18'	8 5/8" O.D. Pipe	28.55

5. GATES

Gate frames shall be tubular shaped, 1.90" outside diameter with welded or steel fitted corners. Braces and trusses shall be furnished when necessary.

Primary and secondary construction entrances shall be a minimum of 30' wide sliding gates, seated on rollers or other mechanism. Frames shall securely hold and tension man gates, if supplied, which shall be restrained to open inward only. Gates to be equipped with galvanized steel hangers or hinges, brackets, and latches. A spare set of keys to all locks shall be supplied to City police and fire departments and the Commissioner for emergency.

6. CLEARING AND EXCAVATION

Cut all brush and vegetation at least feet wide or line of fence. Grade the ground on line of fence to produce a smooth slope and eliminate sudden changes in grade.

Remove all structures, pavement or other objects subject to demolition, before installing fence; if the fence will interfere with the demolition.

7. INSTALLING POSTS AND RAILS

Spacing: Space posts equidistant measured on a horizontal line. Spacing of posts shall not exceed 10 feet.

Location: Locate terminal posts (end, corner, and gate) at the beginning and end of each continuous length of fence and at abrupt changes in vertical and horizontal alignments. On long straight runs, brace posts in two directions every 500 feet to act as pull posts.

Setting: Plumb posts and set them mechanically into grade a minimum of 30" deep.

A. TOP RAIL

Support the top rail at each post to form a continuous brace from end to end of each stretch of fence. Securely fasten the top rail to the terminal posts and join with sleeves or couplings.

4.3 INSTALLING FABRIC

Place fabric on the outside of the area enclosed. Attach one end then apply tension to remove all slack and attach other end. Cut fabric by untwisting a picket, and attach each span independently at all terminal posts. Use stretcher bars with tension bands at maximum 15-inch intervals, or any other approved method of attachment. Install fabric 2 inches above ground level with a tolerance of plus or minus 3 inches at each post. Fasten fabric to line posts at intervals not to exceed 15 inches and to the top rail or bottom tension wire at intervals not to exceed 24 inches. Join rolls of fabric by weaving a single picket into the ends of the rolls to form a continuous mesh.

4.4 INSTALLING GATES

Install plumb with tops of posts level with each other. Adjust hinges and bracing, allowing gate to hang level and swing freely. Set socket for foot bolt in concrete, fitting plunger pin in socket.

4.5 FENCE MAINTENANCE

Bidder shall maintain the specified fence on the contract limit line. In the event of damage to the fence, Bidder shall repair it immediately (within 24 hours from the call to repair) and maintain site security at all times at specified crew hourly rate.

4.6 SILT FENCE

This work shall consist of furnishing, installing, and maintaining a geo-textile barrier-fence designed to remove suspended particles from the water passing through it. The quantities of silt fence shown on the plans may be increased or decreased at the direction of the Engineer based on weather, construction procedures, and actual site conditions that occur during construction of the project.

1. Silt Fence

Filter fabric shall be composed of fibers consisting of long chain synthetic polymers composed of at least 85% by weight of polyolefin's, polyesters, or polyamides. The fibers shall be formed into a network such that the filaments or yarns retain dimensional stability relative to each other. The fabric shall be 36" wide.

<u>PROPERTY*</u>	<u>TEST METHOD</u>	<u>REQUIRED VALUE</u>
Tensile Strength	ASTM D 4632	400 Newton's (90lb)
Elongation	ASTM D 4632	< 50% - fabric self supporting ≥ 50% - fabric requires woven wiring backing
Apparent Opening Size (AOS) **	ASTM D 4751	0.84 millimeter (U.S. Sieve #20)

Ultraviolet Stability (retained strength after 500 hr's. of ultraviolet exposure)	ASTM D 4355	70%
---	-------------	-----

*Unless otherwise indicated, numerical values represent the minimum average roll value.

** The required numerical value for the AOS is the maximum allowable in SI Units and the minimum allowable in U.S. Standard Sieve Numbers.

2. Installation

The silt fence fabric shall be attached to the chain link fence. The 36" wide fabric shall be 24" high on the vertical face of the chain link fence and extend into the ground 4". The fabric shall extend 12" horizontally 4" below the surface of the ground.

It shall be attached to the chain link fence every 36" horizontally along the vertical fence fabric at the top of the fabric and at the bottom before the fabric goes underground.

4.7 WINDSCREEN SCREEN

1. Description

This work shall consist of furnishing, installing, and maintaining a polyethylene open mesh attached to the chain link fencing that is designed to limit visibility to the construction site from the public. The quantities of windscreen shown on the plans may be increased or decreased at the direction of the Engineer based on weather, construction procedures, and actual site conditions that occur during demolition of the project.

2. Fabric

The fabric shall be composed of fibers made 100% polyethylene / open mesh. Opacity shall be 85%. Weight shall be approximately 5.1 oz. / sq. yd. Tensile strength shall be 300 x 205. The color shall be Dark Green. The fiber shall be formed into a network such that the filaments retain dimensional stability relative to each other. Fabrication shall be three ply, reinforced hems on all sides with #2 brass grommets on 2-0 intervals. The fabric shall be 8-0" wide. The Opaque fabric meshing affixed to fence as required by Chicago Municipal Code Section 13-32-125.

- 5.3 The failure of the successful Bidder to supply the required insurance coverage within five (5) days of notice, or within such extended period as the Commission may grant based upon reasons determined sufficient by the Commission, shall constitute a default and the Commission may either award the Contract to the next lowest responsible bidder or re-advertise for bids. The difference between the amount of its bid and the amount for which a contract for the work is subsequently executed may be charged against the Bidder, irrespective of whether the amount thus due exceeds the amount of the bid security. If a more favorable bid is received by re-advertising, the defaulting Bidder shall have no claim against the Commission for a refund. Because of the difficulty of ascertaining the damage caused to the Commission, such sum shall be considered liquidated damages and shall not constitute a penalty. The election by the Commission to grant an extension to the period allowed for the bidder to provide evidence of insurance coverage shall not entitle the bidder to an extension of time required to complete the Work.

This indemnity includes any and all expenses incurred in connection with the investigation of any claim or the defense of any lawsuit brought by any third party, including all court costs and actual attorneys' fees incurred by the Indemnitees herein. This indemnification is not limited by any amount of insurance required under this Contract. Further, the indemnity contained in this section will survive the expiration or termination of this Contract. If any injury (including death), loss or damage (or claim or claims therefore) occurs or is alleged to have occurred, the Bidder must give immediate notice thereof to the Commission Representative.

To the extent permissible by law, Bidder waives any limits to the amount of its obligations to indemnify, defend or contribute to any sums due under any losses, including any claim by an employee of Bidder that may be subject to the Workers Compensation Act, 820 ILCS 305/1 et seq. or any other law or judicial decision (such as *Kotecki v. Cyclops Welding Corporation*, 146 Ill. 2d 155 (1991)). The Commission, however, does not waive any limitation it may have on its liability under the Workers' Compensation Act or the Illinois Pension Code.

6.5.2. The Bidder shall be solely responsible for the defense of any and all claims, demands, or suits against the Indemnitees, including, without limitation, claims by an employee, subcontractors, agents, or servants of Bidder even though the claimant may allege that the Indemnified Parties were in charge of the Work or allege negligence on the part of the Indemnified parties. The Commission will have the right, at its sole option, to participate in the defense of any such suit, without relieving the Bidder of its obligations hereunder.

6.5.3. The Bidder will promptly provide, or cause to be provided, to the Executive Director and Commission Representative, copies of such notices as Bidder may receive of any claims, actions, or suits as may be given or filed in connection with the Bidder's performance or the performance of any Subcontractor and for which the Indemnified parties are entitled to indemnification hereunder and to give the Indemnitees authority, information, and assistance for the defense of any claim or action.

6.6 PREVAILING WAGE RATES

To the extent required by law, the Bidder will comply, and will cause all of its Subcontractors to comply and insert appropriate provision in their Contracts, with 820 ILCS 130/01 et seq. (the "Illinois Prevailing Wage Act"), regarding the payment of the general prevailing rate of hourly wage for all workers employed by or behalf of the Bidder and all Subcontractors in connection

with any services. To the extent applicable, the Bidder will ensure that it and its Subcontractors comply with the provisions of the Davis-Bacon Act (prevailing wages) Act, 40 U.S.C. sec 276, as amended, and the Copeland (anti-kickback) Act, 18 U.S.C., sec 874, and related regulations. The Bidder must comply with the Illinois Prevailing Wage Act regulating wages workers employed in any public works by the State, county, city or any public body or any political subdivision or by anyone under Contract for public works.

It is the policy of the State of Illinois that a wage of no less than the general prevailing hourly rate as paid for work of a similar character in the locality in which the work is performed, must be paid to all workers employed by or on behalf of any and all public bodies engaged in public works.

The term general prevailing hourly rate, when used in this requirement will mean the hourly cash wages plus fringe benefits for health and welfare, insurance, vacations and pensions paid generally, in the locality in which the work is being performed, to employees engaged in work of a similar character on public works.

If the Department of Labor revises the general prevailing hourly rate to be paid by the public body, the revised rate must apply to such Contract. The term general prevailing hourly rate, when used in this Act means the hourly cash wages plus fringe benefits for health and welfare, insurance, vacations and pensions paid generally, in the locality in which the work is being performed, to employee engaged in work of a similar character on public works.

If the nature of the Work or services under this Contract is subject to the Illinois Prevailing Wage Act, then not less than the general prevailing rate of hourly wages as determined by the Illinois Department of Labor (IDOL) must be paid to all workers performing Work under this Contract. Bidder's attention is called to the generally prevailing rate of wages for Cook County in effect at the time these specifications were issued, as determined by IDOL. They are also the prevailing wage rates for the City of Chicago. If required for this Work, they are attached to and incorporated in these specifications, or refer to website: <http://www.state.il.us/agency/idol/rates/rates.HTM> for Cook County. Bidder is fully responsible for paying the generally prevailing hourly rate of wages in effect, as determined by the IDOL, at the time the Work is performed. If IDOL revises the prevailing rate of hourly wages to be paid for the Work before completion of the Work under this Contract, the revised rate applies from the effective date of the revision, but any such revision will not entitle Bidder to any increased compensation under the terms of this Contract.

As a condition of making payment to the Bidder, the Commission may require the Bidder to submit an affidavit to the effect that not less than the prevailing hourly wage rate is being paid to workmen employed on this Contract in accordance with Illinois law.

6.7 TAXES

The Bidder will pay for all federal, state, and local taxes on all materials, labor, or services furnished, and all taxes arising out of the operations under this Contract. Such taxes include, by way of illustration and not in limitation thereof, Retailers' Occupational, Old Age Benefit, Unemployment, customs, duties, and all deductions for income taxes now in force or hereafter enacted prior to Final Completion and Acceptance of the Work. This requirement excludes taxes and assessments on real property comprising the Site and Illinois, County and Municipal Retailers' Occupation and Service Occupation Taxes and Illinois Use, Sales and Service Use Taxes on building materials and fixtures to be incorporated into the Work but does include such taxes on building materials and equipment consumed or used in performing the construction, but not incorporated in it.

The Public Building Commission of Chicago, a municipal corporation and political subdivision of the State of Illinois, is exempt from federal Excise Taxes. The State of Illinois Tax Exemption Identification Number is E9978-1506-05.

6.8 INVOICES

The Bidder will submit an invoice to the Commission for Services performed, that will be paid in one lump sum after all Services required by this Agreement have been completed to the reasonable satisfaction of the Commission.

Each invoice must reference the contract number and be supported with such reasonable detail and data as the Commission may require, including detail and data related to Subconsultant costs. In accordance with the terms of the Agreement, the Bidder must maintain complete documentation of all costs incurred for review and audit by the Commission or its designated audit representative(s). Each invoice must be submitted in the format directed by the Commission. Invoices must be accompanied by a progress report in a format acceptable to the Commission. Such progress report must identify any variances from budget or schedule and explain and the reasons for such variances.

The Bidder must attach MBE and WBE utilization reports on the form entitled "Status Report of MBE and WBE Sub-Contract Payments", at the time of submitting each monthly invoice. The report should indicate the current and cumulative payments to the MBE and WBE sub-contractors.

6.9 PAYMENTS

Payment will be processed within 30 days after Commission receives an acceptable invoice from the Bidder.

6.10 ACCEPTANCE

It is understood and agreed by and between the parties hereto, that the initial acceptance and inspection of any Service will not be considered a waiver of any provision of these specifications and will not relieve the Bidder of its obligation to provide satisfactory Temporary Chain Link Fencing and Installation Services which conforms to the specifications, as shown by any test or inspections for which provisions are herein otherwise made.

Failure of the Bidder to familiarize itself with all requirements of the Contract Documents will not relieve it from complying with all of the provisions thereof.

6.11 MODIFICATIONS AND AMENDMENTS

No changes, amendments, modifications, cancellations or discharges of this Contract, or any part hereof, will be valid unless stipulated in writing and signed by the parties hereto, or their respective agents or representatives.

Such changes which are mutually agreed upon by and between the Commission and the Bidder will be incorporated in written modifications to this Contract.

Failure of the Bidder to familiarize himself/herself with all requirements of the Contract Documents will not relieve him/her from complying with all of the provisions thereof.

If Bidder fails to incorporate these provisions in all Subcontracts and purchase orders, the provisions of this Section are deemed to be incorporated in all Subcontracts and purchase orders. Bidder and the Subcontractors have a continuing obligation to make prompt payment to their respective Subcontractors. Compliance with this obligation is a condition of Bidder's participation and that of its Subcontractors on the Project.

The Illinois Prompt Payment Act, 30 ILCS 540/1.01 *et. seq.* requires prompt payment to subcontractors and suppliers, by the General Bidder for work that has been satisfactorily completed.

The Bidder must make payment to its Subcontractors within fourteen (14) days of receipt of payment from the Commission, but only if the Subcontractor has satisfactorily completed its Work in accordance with the Contract Documents and provided the Bidder with all of the documents and information required of the Bidder by Section 3.13. "Payments". The Bidder may delay or postpone payment for a Payment Application when the Subcontractor's Work or materials do not comply with the

The Bidder must give the Commission Representative written notice within five (5) calendar days of the commencement of such delay. 6.33 REMEDIES

In the event of a default by Bidder, the Commission, in its sole discretion, may send the Bidder notice of the Commission's intent to exercise any or all of the remedies below.

- 6.33.1. **Termination.** The Commission may terminate the Contract. Written notification of the default and termination of the Contract will be provided to the Bidder and the surety by the Executive Director. The Executive Director's decision and declaration of termination is final and effective.
- 6.33.2. **Notice to Cure.** The Executive Director may provide the Bidder the opportunity to cure the default. The Bidder must cure the default within 10 Days of receipt of the notice from the Executive Director or such time period stated in the Notice to Cure. If the Executive Director does not receive written acknowledgement from the Bidder that it will cure the default within the stated cure period or if the Bidder does not act to cure the default, the Executive Director may terminate the Contract, in which event the termination of the Contract is final and effective.
- 6.33.3. In addition to the foregoing, upon an event of default in Section 19.01, "Events of Default," the Commission may invoke any or all of the following remedies:
 - a. The right of set-off against any payments due or to become due to the Bidder and against any Retainage.
 - b. The right to take over and complete the Work, or any part thereof, either directly or through others, and to hold the Bidder liable for any amounts paid for such Work above those amounts the Commission would have paid the Bidder for that same Work.
 - c. The Commission may use the Bidder's Subcontractors, materials, and equipment to complete the Work. Upon the Commission's notification to the Bidder invoking this remedy, any and all rights the Bidder may have in or under its subcontracts are assigned to the Commission, based on the assignment required by Section 4.03.2. The Bidder must promptly deliver such documents upon the Commission's request. In case of any subcontract so assigned and accepted by the Commission, the Bidder remains liable to the Subcontractor for any payment already invoiced to and paid by the Commission, and for any claim, suit, or cause of action based on or resulting from any error, omission, negligence, fraud, willful or intentionally tortious conduct, or any other act or omission, or breach of Contract, by the Bidder, its officers, employees, agents, and other Subcontractors, arising prior to the date of assignment to the Commission, when such claim, suit, or cause of action has not been discharged, disposed of, or otherwise resolved as of that date. The Bidder must notify its Subcontractors of these requirements.
 - d. The right to terminate the Contract as to any or all of the Work yet to be performed.
 - e. The right of specific performance, an injunction, or any other appropriate equitable remedy as may be applicable.
 - f. The right of money damages, including, but not limited to all expert witness or other consultant fees, court costs, and attorney's fees which the Commission may incur in connection with any claim, suit, or action based upon, related to, or arising from, directly or indirectly, an event of default hereunder.

- g. The right to withhold all or any part of the Bidder's compensation yet to be paid by the Commission.
- h. The right to terminate any or all other contracts that Bidder may have with the Commission.
- i. The right to deem the Bidder non-responsible in future contracts to be awarded by the Commission.

6.34 NON-EXCLUSIVITY OF REMEDIES

The remedies under the terms of this Contract are not intended to be exclusive of any other remedies, but each and every remedy is cumulative and is in addition to any other remedies, existing now or hereafter, at law or in equity. No delay or omission to exercise any right or power accruing upon any event of default impairs any such right or power, nor do they waive any event of default or acquiesce thereto, and every such right and power may be exercised by the Commission from time to time and as often as may be deemed appropriate.

6.35 DISPUTES

6.35.1 Bidder's Request: In the event of any disagreement between the Bidder and the Commission Representative which the Bidder and the Commission Representative have attempted, but been unable, to resolve, including, without limitation, changes, time extensions, claims, allowable costs or any other issues of fact or Contract interpretation based upon, relating to, or arising under the Contract, a request for resolution must be submitted to the Executive Director by the Bidder for final determination. The default or termination of the Bidder is not matters that may be disputed under this provision of the Contract. The Bidder's failure to submit the Dispute within thirty (30) days of receipt of the Commission Representative's response to the Bidder's Claim is a waiver of the Dispute. The Executive Director may consider issues of Contract interpretation in connection with decisions to be made in resolving Disputes.

6.35.2 Request Requirements: Requests for resolution of Disputes must be made by the Bidder in promptly be provided to the Executive Director and Commission Representative on the same day. In addition, the Bidder's Dispute and any subsequent correspondence that relates to the Dispute which the Bidder provides to the Executive Director, must be copied to the Commission Representative. The Commission Representative shall have thirty (30) days to respond in writing to the Bidder's submission by supplementing the Bidder's submission or to provide its own submission to the Executive Director and Bidder. However, the Commission Representative may request, and the Executive Director may allow an additional period of time to respond. Failure by the Commission Representative to respond shall not be deemed to be an admission of any allegations made in the request for dispute resolution, but may be deemed to constitute a waiver of the opportunity to respond to such allegation(s), if any, at this stage of the Dispute. The Executive Director's decision may thereafter be reached in accordance with such other information or assistance as may be deemed reasonable, necessary or desirable by the Executive Director.

6.36 COMMISSION'S RIGHT TO TERMINATE CONTRACT

The Commission may, at its sole discretion, exercise the right to send the Bidder notice under Section 6.39.1 "Commission's Right To Terminate Contract," or 6.39.2 "Notice to Cure." Whether to declare the Bidder in default is within the sole discretion of the Executive Director and neither that decision nor the factual basis for it is subject to review or challenge under Article 18 "Claims and Disputes."

If termination of the Contract occurs by the Commission under Section 6.39.1, the Commission may use the material and equipment, whether owned or leased, which is within the scope of the Work or necessary for completion of the Work and paid for by the Commission (whether located on or off the Site) to complete the Work. The Bidder will receive no further payment until the Work is completed. However, if the cost of completion exceeds the unpaid balance of the Contract, the Bidder must pay the difference to the Commission immediately upon demand.

If termination occurs, all costs and changes incurred by the Commission, together with the cost of completing the Work, are deducted from any moneys due or which may become due to the Bidder. When the expense incurred by the Commission exceeds the sum which would have been payable under the Contract, the Bidder and the surety are liable and will pay the Commission the amount of such excess.

6.37 TERMINATION for CONVENIENCE

The Commission reserves the right, for its convenience, to terminate the Work of the Bidder by written notice stating the effective date of such termination. In such case, the Bidder and Subcontractors will (except for services necessary for the orderly termination of the Work): stop all Work; place no further orders or subcontracts for materials, services, equipment, or supplies; assign to the Commission (in the manner and to the extent directed) all of the rights of the Subcontracts relating to the Work; take any action necessary to protect property of the Commission and property in the Bidder's possession in which the Commission has, or may acquire, an interest; and take any other action toward termination of the Work which the Commission may direct.

Bidder's compensation for all work provided prior to the effective date of the termination and costs of stopping the work shall be paid based on the Termination for Convenience provision of the Federal Acquisition Rules and all interpretations of those rules and all cases decided regarding the rules.

After receipt of a notice of termination pursuant to this Section 19.06 "Termination for Convenience," Bidder will submit to the Commission Representative its final invoice in the required form, with supporting documentation. The Commission may require certified payrolls, receipts, and other proof of expenditures. The final invoice must be submitted promptly, but in no event more than 60 Days after the effective date of termination.

END OF SECTION 6

SECTION 7 - TARGET MARKET SPECIAL CONDITIONS REGARDING MINORITY BUSINESS ENTERPRISE AND WOMEN BUSINESS ENTERPRISE (NON-CONSTRUCTION)

7.1 MBE/WBE PROGRAM

7.1.2 Policy Statement

It is the policy of the Commission to ensure competitive business opportunities for MBE and WBE Bidders in the performance of Contracts, to prohibit discrimination in the award of or participation in Contracts, and to abolish arbitrary barriers to full participation in Contracts by all persons, regardless of race, sex or ethnicity. Therefore, during the performance of this Contract, the Bidder must agree that it will not discriminate against any person or business on the basis of race, color, religion, ancestry, age, marital status, physical or mental handicap, unfavorable discharge from military service, parental status, sexual orientation, national origin or sex, in the solicitation or the purchase of goods and services or the subcontracting of work in the performance in this Contract.

The Commission requires the Bidder to agree to take affirmative action to ensure that MBE and WBE firms have the maximum opportunity to compete for and perform subcontracts with respect to this Contract.

The Commission has implemented the Target Market Program which seeks to award this Contract through a competitive bid process restricted to certified MBE and WBE firms.

7.1.3 Aspirational Goals

Upon the effective date of these Special Conditions, the bi-annual aspirational goals are to award 25% of the annual dollar value of all Commission Professional Services Contracts to certified MBEs and 5% of the annual dollar value of all Commission Professional Service Contracts to qualified WBEs.

Further, the Bidder must agree to use its best efforts to include MBE and WBE firms in any Contract modification work that increases the Contract value by 10% of the initial Contract value or \$50,000, whichever is less. Where the proposed contract modification involves work which can be performed by MBEs and WBEs already performing work on the contract such MBEs and WBEs will participate in such work specified in the contract modification.

Failure to carry out the commitments and policies set forth in this Program constitute a material breach of contract and may result in termination of the Bidder or such other remedy, as the Commission deems appropriate.

7.1.4 Definitions

For purposes of this Special Condition, the following definitions apply:

- (1) "Certified Minority Business Enterprise" means a person or entity granted certification by the City of Chicago, County of Cook, Metropolitan Water Reclamation District, Chicago Minority Business Development Council, Central Management Service of the State of Illinois, and Women's Business Development Center.
- (2) "Certified Women's Business Enterprise" means a person or entity granted certification by the City of Chicago, County of Cook, Metropolitan Water Reclamation District, Chicago Minority Business Development Council, Central Management Service of the State of Illinois, and Women's Business Development Center.
- (3) "Area of Specialty" means the description of a MBE or WBE firms business which has been determined by the Commission's approved certifying entity to be most reflective of the MBE or WBE firms claimed specialty or expertise. For the Target Market Program, the Area of Specialty is synonymous to the designated commodity/services area. Each letter of certification contains a description of the MBE or WBE firms Area of Specialty.
- (4) "Target Market Joint venture" means an association of two or more MBEs, WBEs, or both MBEs and WBEs all certified by one of the Commission's approved certifying entities or whose recertification is pending, to carry out a single business enterprise for profit, and for which purpose they combine their expertise, property, capital, efforts, skill and knowledge.

7.1.5 Eligibility

- (1) Contracts included in the Target Market Program can be either MBE Target Market Contracts, WBE Target Market Contracts or designated as open to all certified MBE and WBE firms. Only MBE and MBE Joint Ventures are eligible to bid on or participate in MBE Target Market Contracts, while only WBE and WBE Joint Ventures are eligible to bid on or participate in WBE Target Market Contracts. On solicitations open to both MBEs and WBEs joint ventures are allowed between both.
- (2) Contracts included in the Target Market Program have been identified by the Commission as having at least three MBEs or three WBEs, as the case may be, which indicated their interest in participating in the Contracts designated commodity/service area(s) by successfully being certified by one of the Commission's approved certifying entities.
- (3) The Bidder may not subcontract more than fifty percent (50%) of the dollar value of the contract. The prime Target Market Bidder must perform at least fifty percent (50%) of the awarded contract amount with their own workforces. Up to 50% of the dollar value of the Target Market contract may be subcontracted to firms who are either MBEs and/or WBEs or non-MBEs and/or non-WBEs. However, in appropriate cases, the Commission may initiate discussions with the Bidder subcontracting with non-certified firms in order to maximize the overall participation of MBEs and WBEs at all contracting levels.
- (4) MBE or WBE firms will be allowed to participate in this Target Market Contract only in their Areas of Specialty as certified, or if recertification was submitted prior to certification expiration has been applied for, and is pending on the date of bid opening. Certification must be substantiated by current certification letters of all MBE and WBE participating in the contract being a part of the bid response.

7.1.6 Procedure to Determine Bid Compliance

The following schedules and documents constitute the Bidder's MBE/WBE compliance proposal and must be submitted at the time of the bid or proposal or within such extended period as provided by these Special Conditions.

- (1) Evidence of Certification: Affidavit of MBE/WBE. A copy of each proposed MBE and WBE firm's Letter of Certification from one of the Commission's approved certifying entities must be submitted.
- (2) Schedule B-2: Affidavit of MBE/WBE Target Market Joint Venture. If the Bidder is a joint venture, the Bidder must provide a copy of the joint venture agreement and a Schedule B-2. In order to demonstrate the MBE/WBE partners share in the ownership and control, the joint venture agreement must include specific details, related to: (1) contributions of capital and equipment; (2) work responsibilities or other performance to be undertaken by the MBE/WBE; and (3) the commitment of management, supervisory and operative personnel employed by the MBE/WBE to be dedicated to the performance of the contract. The joint venture agreement must also clearly define each partners authority to contractually obligate the joint venture and each partners authority to expend joint venture funds (e.g. check signing authority).
- (3) Schedule C2: Letter of Intent from Subcontractor, Supplier, and/or Consultant To Perform. In the event the Bidder fails to submit any Schedule C-2s with its bid, the Commission will presume that no subcontractors are performing services related to the Contract absent evidence to the contrary.
- (4) Schedule D-2: Affidavit of Target Market Subcontractors Non-Construction Services/General Equipment and Supplies. Bidders must submit, together with the bid, a completed Schedule D-2 committing to the utilization of each listed firm.

7.1.7 Compliance

- (1) It is material breach of this Contract if the Bidder, a joint venturer, or subcontractor is disqualified as a MBE or WBE, such status was a factor in contract award, and the status was misrepresented by the Bidder or any joint venturer. Such a breach shall entitle the Commission to declare a default, terminate the Contract and exercise those remedies provided for in the Contract, at law or in equity.

- (2) If the Commission's review of a Bidder's proposal concludes that the MBE or WBE proposal was deficient, the Commission will promptly notify the Bidder of the apparent deficiency and instruct the Bidder to submit (within 3 business days of such notice given by the Commission) a modification of the MBE or WBE Proposal, in proper format, which remedies the deficiencies cited. Failure to correct all deficiencies cited by the Commission will be cause for rejection of the Bidder's proposal as non-responsive.
- (3) In the event that the Bidder is determined not to have been involved in any misrepresentation of the status of an MBE or WBE, the Firm shall discharge the disqualified MBE or WBE and, if possible, identify and engage a qualified MBE or WBE as its replacement. Continued eligibility to enter into future contracting arrangements with the Commission may be jeopardized as a result of non-compliance. Payments due under the Contract may be withheld until corrective action is taken.

7.1.8 Reporting and Record-Keeping Requirements

- (1) The Bidder, within 5 working days of contract award, must execute a formal subcontract or purchase order in compliance with the terms of the Bidder's bid proposal and MBE/WBE assurances, and submit to the Commission a copy of the MBE and WBE subcontracts or purchase orders, each showing acceptance of the subcontract or purchase order by the MBE and WBE firms. During the performance of the contract, the Bidder will submit partial and final waivers of lien from MBE and WBE subcontractors and suppliers indicating the current payment amount and the cumulative dollar amount of payments made to date. The Bidder will file regular MBE and WBE utilization reports on the form entitled "Schedule E-2: Target Market Subcontractor Utilization Report" at the time of submitting each monthly Payment Estimate, which reflects the current status of cumulative and projected payments to MBE and WBE firms.
- (2) The Contract Officer shall be entitled to examine on five (5) business days notice, the Bidders books and records including without limitation payroll records, tax returns and records, and books of account, to determine whether the Bidder is in compliance with the Target Market Program and the status of any MBE or WBE performing any portion of the Contract. Such rights are in addition to any other audit inspection rights contained in the Contract.
- (3) The Bidder must maintain records of all relevant data with respect to the utilization of MBE and WBE firms, including without limitation payroll records, tax returns and records, and books of account in such detail as the Commission requires, and retain such records for a period of at least 3 years after final acceptance of the work. Full access to such records will be granted to the Commission and/or its designees, on 5 business days' notice in order for the Commission to determine the Bidder's compliance with its MBE and WBE commitments and the status of any MBE or WBE firm performing any portion of the contract.

7.1.9 Disqualification of MBE or WBE

The Contract may be terminated by the Executive Director upon the disqualification of the Bidder as an MBE or WBE if the Bidder's status as an MBE or WBE was a factor in the award and such status was misrepresented by the Bidder.

The Contract may be terminated by the Executive Director upon the disqualification of any MBE or WBE if the Subcontractor's or supplier's status as an MBE or WBE was a factor in the award of the contract and the status of the subcontractor or supplier was misrepresented by the Bidder. If the Bidder is determined not to have been involved in any misrepresentation of the status of the disqualified subcontractor or supplier, the Bidder shall make good faith efforts to engage a qualified MBE or WBE replacement.

7.1.10 Non-Compliance

The Executive Director has the authority to apply suitable sanctions to the Bidder if the Bidder is found to be in non-compliance with the MBE and WBE requirements. Failure to comply with the MBE or WBE terms of this contract or failure to use MBE or WBE firms as stated in the Bidder's assurances constitutes a material breach of the contract, and may lead to the suspension or termination of the contract in part or in whole. In some cases, monthly progress payments may be withheld until corrective action is taken.

When the contract is completed, if the Executive Director has determined that the Bidder did not comply in the fulfillment of the required MBE and/or WBE goals, and a grant of relief of the requirements was not obtained, the Commission will be damaged in the failure to provide the benefit of participation to minority or women business to the degree set forth in this Special Condition. In that case, the Commission may disqualify the Bidder from entering into future contracts with the Commission.

7.1.11 Severability

If any section, subsection, paragraph, clause, provision or application of these Special Conditions is held invalid by any court, the invalidity of such section, paragraph, clause or provision will not affect any of the remaining provisions hereof.

7.2 RECORD KEEPING

The Bidder shall maintain records of all relevant data with respect to the utilization of MBEs/WBEs, retaining these records for a period of at least three years after final acceptance of the work. Full access to these records shall be granted to the City of Chicago, Federal or State authorities in this project, the U.S. Department of Justice, or any duly authorized representatives thereof.

Generally, any of these holidays which fall on a Sunday is celebrated on the following Monday. This then makes work performed on that Monday payable at the appropriate overtime rate for holiday pay. Common practice in a given local may alter certain days of celebration such as the day after Thanksgiving for Veterans Day. If in doubt, please check with IDOL.

Attention is called to an ordinance passed by the City of Chicago on May 18, 1994, *City of Chicago Residence Preference Ordinance* and the resolution of the Board of Commissioners of the Public Building Commission adopted August 9, 1994.

The Bidder agrees to ensure that the aggregated hours of Work to be performed by the Successful Bidder and Site Work subcontractors/sub-consultants under this Contract will be performed such that at least 50% of the on-Site work is performed by actual residents of the City of Chicago. These minimal percentage levels of Chicagoans as Workers are not to be understood as limiting or determining the fuller utilization of Chicagoans beyond these numerical levels, but are intended instead as minimum requirements unless the Commission grants a waiver based upon demonstration by the Bidder of impracticability or excessive cost of complying with the specified percentages. A waiver or reduction will be considered if the Bidder has unsuccessfully solicited a sufficient number of residents of the City of Chicago to perform the Work and has documented such effort to the satisfaction of the Commission. 6.37 Commission's Right to Terminate Contract

The Commission may, at its sole discretion, exercise the right to send the Bidder notice under Section 6.38 "Commission's Right To Terminate Contract," or 6.34.2 "Notice to Cure." Whether to declare the Bidder in default is within the sole discretion of the Executive Director and neither that decision nor the factual basis for it is subject to review or challenge.

If termination of the Contract occurs by the Commission under Section 6.38, the Commission may use the material and equipment, whether owned or leased, which is within the scope of the Work or necessary for completion of the Work and paid for by the Commission (whether located on or off the Site) to complete the Work. The Bidder will receive no further payment until the Work is completed. However, if the cost of completion exceeds the unpaid balance of the Contract, the Bidder must pay the difference to the Commission immediately upon demand.

If termination occurs, all costs and changes incurred by the Commission, together with the cost of completing the Work, are deducted from any moneys due or which may become due to the Bidder. When the expense incurred by the Commission exceeds the sum which would have been payable under the Contract, the Bidder and the surety are liable and will pay the Commission the amount of such excess.

Part I Taxpayer Identification Number (TIN)

Enter your TIN in the appropriate box. The TIN provided must match the name given on Line 1 to avoid backup withholding. For individuals, this is your social security number (SSN). However, for a resident alien, sole proprietor, or disregarded entity, see the Part I instructions on page 3. For other entities, it is your employer identification number (EIN). If you do not have a number, see *How to get a TIN* on page 3.

Note. If the account is in more than one name, see the chart on page 4 for guidelines on whose number to enter.

Part II Certification

Under penalties of perjury, I certify that:

- The number shown on this form is my correct taxpayer identification number (or I am waiting for a number to be issued to me), and

Certification instructions. You must cross out item 2 above if you have been notified by the IRS that you are currently subject to backup withholding because you have failed to report all interest and dividends on your tax return. General Instructions

Section references are to the Internal Revenue Code unless otherwise noted.

Purpose of Form

A person who is required to file an information return with the IRS must obtain your correct taxpayer identification number (TIN) to report, for example, income paid to you, real estate transactions, mortgage interest you paid, acquisition or abandonment of secured property, cancellation of debt, or contributions you made to an IRA.

Use Form W-9 only if you are a U.S. person (including a resident alien), to provide your correct TIN to the person requesting it (the requester) and, when applicable, to:

- Certify that the TIN you are giving is correct (or you are waiting for a number to be issued).
- Certify that you are not subject to backup withholding, or
- Claim exemption from backup withholding if you are a U.S. exempt payee. If applicable, you are also certifying that as a U.S. person, your allocable share of any partnership income from a U.S. trade or business is not subject to the withholding tax on foreign partners' share of effectively connected income.

Note. If a requester gives you a form other than Form W-9 to request your TIN, you must use the requester's form if it is substantially similar to this Form W-9.

Definition of a U.S. person. For federal tax purposes, you are considered a U.S. person if you are:

- An individual who is a U.S. citizen or U.S. resident alien,
- A partnership, corporation, company, or association created or organized in the United States or under the laws of the United States,
- An estate (other than a foreign estate), or
- A domestic trust (as defined in Regulations section 301.7701-7).

Special rules for partnerships. Partnerships that conduct a trade or business in the United States are generally required to pay a withholding tax on any foreign partners' share of income from such business. Further, in certain cases where a Form W-9 has not been received, a partnership is required to presume that a partner is a foreign person, and pay the withholding tax. Therefore, if you are a U.S. person that is a partner in a partnership conducting a trade or business in the United States, provide Form W-9 to the partnership to establish your U.S. status and avoid withholding on your share of partnership income.

The person who gives Form W-9 to the partnership for purposes of establishing its U.S. status and avoiding withholding on its allocable share of net income from the partnership conducting a trade or business in the United States is in the following cases:

- The U.S. owner of a disregarded entity and not the entity.
