In addition, the Commission shall have the right, at any time and from time to time, with or without cause, to suspend the performance of the Architect hereunder with respect to all or any part of the Services, by written notice given to the Architect at least five (5) days prior to the effective date of suspension. Termination or suspension of this Agreement shall not relieve the Architect from liability for the performance of any obligation of the Architect under this Agreement performed or to have been performed by the Architect on or before the effective date of termination or suspension. Provided the Architect is not in default under this Agreement at the time of termination or suspension, the Commission agrees to pay to the Architect, in accordance with the terms of this Agreement, all compensation and reimbursements

due to the Architect for periods up to the effective date of termination or suspension. In no event shall the Commission be liable to the Architect for any loss, cost or damage which the Architect or any other party may sustain by reason of the Commission terminating or suspending this Agreement as provided herein; provided, however, that the Commission may, in its sole discretion, reimburse the Architect for actual expenses approved by the Commission.

- c. Termination by the Architect. If the Project, in whole or substantial part, is stopped for a period longer than thirty (30) days under an order of any court or other governmental authority having jurisdiction of the Project, or as a result of an act of government, such as a declaration of national emergency making materials unavailable, through no act or fault of the Architect, or if the Commission fails to make any payment or perform any other obligation hereunder, the Architect shall have the right to terminate this Agreement, by written notice given to the Commission at least seven (7) days prior to the effective date of termination, and shall have the right to recover from the Commission all compensation and reimbursements due to the Architect for periods up to the effective date of termination.

- d. Force Majeure. Neither of the parties shall be liable to the other for any delay or failure in performance hereunder due to a force majeure event. If a force majeure event occurs, the party delayed or unable to perform shall give prompt notice to the other party, and the Commission may, at any time during the continuation of the force majeure event, elect to suspend the performance of the Architect under this Agreement for the duration of the force majeure event. The Commission shall not be obligated to pay for Services to the extent and for the duration that performance thereof is delayed or prevented by the force majeure event, but, provided the Architect is not in default of any obligation of the Architect hereunder, the Commission shall pay to the Architect, according to the terms hereof, all compensation and reimbursements due to the Architect for periods up to the effective date of suspension.

6. Compensation of the Architect and Reimbursement for Expenses. The Commission shall compensate the Architect in the amount and the manner set forth in Schedule C to this Agreement.

7. Rights and Obligations of Commission. In connection with the administration of the Project by the Commission and the performance of this Agreement by the Architect, the Commission shall have the following rights and obligations, in addition to those provided elsewhere in this Agreement:

- a. Information. The Commission shall provide the Architect all reasonably requested information concerning the Commission's requirements for the Project and the Services.

- b. Review of Documents. Subject to the provisions of subparagraph 3 (e) above, the Commission agrees to make a reasonable effort to examine documents submitted by the Architect and render decisions pertaining thereto with reasonable promptness.

- c. Site Data. To the extent the Commission determines to be necessary for the Architect to perform the Services, the Commission may furnish, or may authorize the Architect to obtain from a consultant or consultants approved by the Commission as Reimbursable Expenses: (i) a certified survey of the site or sites; (ii) information concerning locations, dimensions and data pertaining to existing buildings and other improvements; (iii) title information; and (iv) information concerning available service and utility lines. The Architect shall not be liable to the Commission for the substantive content of such tests and reports obtained from a consultant engaged by the Architect and approved by the Commission, provided that the Architect has exercised reasonable diligence in the selection of the consultant.
- d. Tests and Reports. To the extent required for the Architect to perform the Services, the Commission may furnish structural, civil, chemical, mechanical, soil and/or other tests and reports or may authorize the Architect to procure such tests and reports from a consultant or consultants approved in writing by the Commission as Reimbursable Expenses. The Architect shall not be liable to the Commission for the substantive content of such tests and reports obtained from a consultant engaged by the Architect and approved by the Commission, provided that the Architect has exercised reasonable diligence in the selection of the consultant and provided that the Architect has caused the consultant to purchase and maintain professional liability insurance in accordance with paragraph E.6 of Schedule E protecting the Commission, the User Agency, and the Architect from any loss or claim arising out of the consultant's performance.
- e. Legal, Auditing and other Services. The Commission shall arrange and pay for such legal, auditing, insurance counseling and other services as the Commission, in its sole discretion, may determine to be required for the Project. Such payments shall not include legal or auditing expenses arising out of or relating to any errors or omissions, or claimed errors or omissions, of the Architect.
- f. Designated Representatives. The Commission may designate, at its sole discretion, one or more representatives authorized to act on its behalf.
- g. Indemnities. The Commission shall require, by appropriate provision in each contract let by the Commission after the date of this Agreement with respect to the Project that the contractor(s) and consultant(s) thereunder shall indemnify, save and hold harmless the Commission, the User Agency and the Architect, and each of them, and their respective commissioners, board members, officers, agents and employees, from all claims, demands, suits, actions, losses, costs and the like, of every nature and description, made or instituted by third parties, arising or alleged to arise out of the work under such contract, and that the contractor(s) and consultant(s) thereunder shall purchase and maintain during the life of such contract such insurance as the Commission may require.

- h. Ownership of Documents. All documents, data, studies and reports prepared by the Architect or any party engaged by the Architect, pertaining to the Project and/or the Services shall be the property of the Commission.
- i. The parties intend and agree that, to the extent permitted by law, the drawings, specifications and other design documents to be produced by the Architect and its sub-consultants pursuant to this Agreement (the "Work") shall conclusively be deemed "works made for hire" within the meaning and purview of Section 101 of the United States Copyright Act, 17 U.S.C. § 101 *et seq.*, and that the Commission, the User Agency and their successors and assigns, will be the copyright owner of all aspects, elements and components thereof in which copyrights can subsist. To the extent that any of the foregoing does not qualify as a "work made for hire," the Architect hereby irrevocably grants, conveys, bargains, sells, assigns, transfers and delivers to the Commission, the User Agency and their successors and assigns, all right, title, and interest in and to the copyrights and all U.S. and foreign copyright registrations, copyright applications and copyright renewals therefor, and all other intangible, intellectual property embodied in or pertaining to the Work contracted for under the Agreement, free and clear of any liens, claims or other encumbrances, to the fullest extent permitted by law. The Architect will execute all documents and, at the expense of the Commission, perform all acts that the Commission may reasonably request in order to assist the Commission, the User Agency and their successors and assigns, in perfecting their rights in and to the copyrights relating to the Work.
- ii. The Architect warrants to the Commission, the User Agency and their successors and assigns, that (1) the Work constitutes a work of authorship; (2) on the date hereof the Architect is the lawful owner of good and marketable title in and to the copyrights for the Work (including the copyrights on designs and plans relating to the Work); (3) the Architect has the legal right to fully assign any such copyright with respect to the Work; (4) the Architect has not assigned any copyrights nor granted any licenses, exclusive or non-exclusive, to any other party; (5) the Architect is not a party to any other agreement or subject to any other restrictions with respect to the Work; and (6) the plans and designs for the Work will, upon completion of the Services by complete, entire and comprehensive. Further, the Architect agrees that it will not restrict or otherwise interfere with the Commission's and/or the User Agency's future actions in authorizing the use, adaptation, revision, or modification or destruction of the Work provided that the Architect is indemnified for any damages resulting from any such future re-use or adaptation of the Work as may be authorized by the Commission.

- i. Audits. The Commission shall have the right to audit the books of the Architect and its sub-consultants on all subjects relating to the Project and/or the Services.

8. Indemnification of Commission. The Architect hereby agrees to indemnify, defend, keep and save harmless the Commission and the User Agency and their respective commissioners, board members, officers, agents, officials and employees, from and against all claims, demands, suits, losses, costs and expenses, including but not limited to, the fees and expenses of attorneys, that may arise out of or be based on any injury to persons or property that is or is claimed to be the result of an error, omission or negligent or willfully wrongful act of the Architect, any person employed by the Architect, or any sub-consultant retained by the Architect in connection with this Project.

9. Insurance to be Maintained by the Architect. The Architect shall purchase and maintain at all times during the performance of Services hereunder, for the benefit of the Commission, the User Agency and the Architect, insurance coverage which will adequately insure the Commission, the User Agency and the Architect against claims and liabilities which could arise out of the performance of such Services, including but not limited to, the insurance coverages set forth in Schedule D to this Agreement.

10. Default.

- a. Events of Default. Any one or more of the following occurrences shall constitute an Event of Default under this Agreement:

- i. Failure or refusal on the part of the Architect duly to observe or perform any obligation or agreement on the part of the Architect contained in this Agreement, which failure or refusal continues for a period of ten (10) days, or such longer period as the Commission, in its sole discretion, may determine if such failure is not capable of being cured within such ten (10) day period, after the date on which written notice thereof shall have been give to the Architect by the Commission;
- ii. Any representation or warranty of the Architect set forth herein or otherwise delivered pursuant to this Agreement shall have been false in any material respect when so made or furnished;
- iii. The Architect becomes insolvent or ceases doing business as a going concern, or makes an assignment for the benefit of creditors, or generally fails to pay, or admits in writing its inability to pay, its debts as they become due, or files a voluntary petition in bankruptcy, or is adjudicated a bankrupt or an insolvent, or files a petition seeking for itself any reorganization, arrangement, composition, readjustment, liquidation, dissolution, or similar arrangement under any present or future statute, law or regulation relating to bankruptcy or insolvency, or files an answer admitting the material allegations of a petition filed against it in any such proceeding, or applies for, consents to or acquiesces in the appointment of a trustee, receiver, liquidator or other custodian of it or

of all or any substantial part of its assets or properties, or if it or its principals shall take any action in furtherance of any of the foregoing; or

- iv. There shall be commenced any proceeding against the Architect seeking reorganization, arrangement, readjustment, liquidation, dissolution or similar relief under any present or future statute, law or regulation relating to bankruptcy which is not vacated, stayed, discharged, bonded or dismissed within sixty (60) days thereof, or there shall be appointed, without the Architect's consent or acquiescence, any trustee, receiver, liquidator or other custodian of Custodian or of all or any substantial part of the Architect's assets and properties, and such appointment shall not have been vacated, stayed, discharged, bonded or otherwise dismissed within sixty (60) days thereof.
- b. Remedies. If an Event of Default shall occur and be continuing, then the Commission may exercise any right, power or remedy permitted to it by law or in equity and shall have, in particular, without limiting the generality of the foregoing, the right to terminate this Agreement upon written notice to the Architect, in which event the Commission shall have no further obligations hereunder or liability to the Architect except as to payment for Services actually received and accepted by the Commission through the effective date of termination. No courses of dealing on the part of the Commission or delay or failure on the part of the Commission to exercise any right shall operate as a waiver of such right or otherwise prejudice the Commission's rights, powers or remedies.
- c. Remedies not Exclusive. No right or remedy herein conferred upon or reserved to the Commission is exclusive of any right or remedy herein or by law or equity provided or permitted, but each shall be cumulative of every other right or remedy given hereunder or now or hereafter existing at law or in equity or by statute or otherwise, and may be enforced concurrently therewith or from time to time.

11. Disputes.

- a. General. All disputes arising under, related to or in connection with the terms of this Agreement or its interpretation, whether involving law or fact or both, including without limitation questions concerning allowability of compensation, and all claims for alleged breach of contract, shall be presented in writing to the Executive Director for final determination.

Architect will promptly provide the Executive Director with a copy of

the request for determination of the dispute. The Project Manager will have thirty (30) business days to respond in writing to the dispute by supplementing the submission or providing its own submission to the Executive Director. Failure by the Project Manager to respond will not be deemed to be an admission of any allegations made in the request for dispute resolution, but will be deemed to constitute a waiver of the opportunity to respond to such allegation(s), if any. The Executive Director's decision may thereafter be reached in accordance with such other information or assistance as she or he may deem reasonable, necessary or desirable.

- c. Effect. The Executive Director's final decision will be rendered in writing no more than forty-five (45) business days after receipt of the response by the Project Manager was filed or was due unless the Executive Director notifies the Architect that additional time for the decision is necessary. The Executive Director's decision will be conclusive, final, and binding on all parties. Architect must follow the procedures set out in this Section and receive the Executive Director's final decision as a condition precedent to filing a complaint in the Circuit Court of Cook County or any other court.

The Architect will not withhold performance of any Services required by the Commission under this Agreement during the dispute resolution period. The Executive Director's written determination will be complied with pending final resolution of the dispute.

12. Confidentiality. All of the reports, information, or data prepared or assembled by the Architect under this Agreement are confidential, and the Architect agrees that such reports, information or data shall not be made available to any party without the prior written approval of the Commission. In addition, the Architect shall not, without the prior written consent of the Commission, prepare or distribute any news releases, articles, brochures, advertisements or other materials concerning this Agreement, the Project or the Services. If the Architect is served with a subpoena requiring the production of documents or information which is deemed confidential, the Architect shall immediately notify the Commission in writing and provide a copy of the subpoena to the Commission in sufficient time for the Commission to attempt to quash, or take other action in relation to, the subpoena.

13. Assignment. The Architect acknowledges that the Commission is induced to enter into this Agreement by the personal qualifications of the principals, staff and employees of the Architect and agrees, therefore, that neither this Agreement nor any right or obligation hereunder may be assigned by the Architect, in whole or in part, without the prior written approval of the Commission. For purposes of this paragraph, if the Architect undergoes a change in control, the change in control shall be deemed an assignment of the Agreement; a change in control is defined as a transfer of more than 50% of the equity ownership of the Architect during any twelve (12) month period. In the event of an assignment by the Architect without the prior written approval of the Commission, the Commission shall have the right to immediately terminate the Agreement without fault or responsibility. The Architect further acknowledges that the Architect has represented to the Commission the availability of certain members of the Architect's staff who will be assigned to Project, and agrees, therefore, that in the event of the unavailability of such members due, the Architect shall so notify the Commission in writing, and shall assign other qualified members of the Architect's staff, as approved by the Commission, to the Project.

14. **Relationship of Parties.** The relationship of the Architect to the Commission hereunder is that of an independent contractor, and the Architect, except to the extent expressly provided to the contrary on Schedule B hereto, shall have no right or authority to make contracts or commitments for or on behalf of the Commission, to sign or endorse on behalf of the Commission any instruments of any nature or to enter into any obligation binding upon the Commission. This Agreement shall not be construed as an agreement of partnership, joint venture, or agency.

15. **General.**

- b. **Counterparts.** This Agreement may be executed in any number of counterparts, any of which shall be deemed an original.
- c. **Entire Agreement.** This Agreement constitutes the entire understanding and agreement between the parties hereto and supersedes any and all prior or contemporaneous oral or written representations or communications with respect to the subject matter hereof, all of which communications are merged herein. This Agreement shall not be modified, amended or in any way altered except by an instrument in writing signed by both of the parties hereto.
- d. **Governing Law.** This Agreement has been negotiated and executed in the State of Illinois and shall be construed under and in accordance with the internal laws of the State of Illinois.
- e. **No Waiver.** The waiver by either party of any breach of this Agreement shall not constitute a waiver as to any succeeding breach.
- f. **Notices.** All notices required to be given hereunder shall be given in writing and shall be hand delivered or sent by United States certified or registered mail, postage prepaid, addressed to Commission and to the Architect at their respective addresses set forth above. If given as herein provided, such notice shall be deemed to have been given on the date of delivery, if delivered by hand, and on the second business day after mailing, if given by mail. The Commission or the Architect may, from time to time, change the address to which notices hereunder shall be sent by giving notice to the other party in the manner provided in this subparagraph.
- g. **Non-liability of Public Officials.** No Commission trustee, employee, agent, officer, or official is personally liable to Owner's Representative or its sub-consultants, and

Owner's Representative and its sub-consultants are not entitled to, and must not attempt to, charge any of them with liability or expense or hold them personally liable to Owner's Representative or its sub-consultants under this Agreement.

CHICAGO, ILLINOIS 60626

Scope of Services

The Architect shall provide all Services required to design and administer the construction of the Project. The term of this Agreement shall be defined by the following:

Commencement Date of Services	November 13, 2001
Completion Date of Services	February 28, 2003

The Services are separated into phases which shall include, but not be limited to Construction Phase Services and Project Close-Out. The work product of each of the phases shall be approved by the Commission in writing prior to commencement by the Architect of the subsequent phase. It is expressly understood and agreed that references herein to "approved by the Commission" or to "approval by the Commission" shall not be interpreted to absolve the Architect from liability due to errors and omissions.

The Architect shall provide the following Services:

A.1 Construction Phase Services

- A.1.1 Provide all drawings required during construction. Review and approve schedules, samples, shop drawings, product data, as-built drawings, product substitutions and other submissions to assure compliance with the design concept of the Project and fulfillment of the contractor's obligations as set forth in the Contract Documents, including monitoring of the Contractor's progress against the approved progress schedule.
- A.1.2 In cooperation with the Commission's designated representative, review and make recommendations to the Commission concerning all bulletins, proposals, revisions in drawings and change orders with respect to the Project. The Architect shall process and prepare all bulletins and recommendations for change orders as directed by the Commission's designated representative.
- A.1.3 Review contractors' applications for payment, invoices and other supporting documentation in accordance with the Commission's policies and procedures, and recommend action concerning contractors' periodic and final applications for payment. By issuing recommendations to the Commission for payment to contractors, the Architect shall represent to the Commission that, to the best of its knowledge, information and belief,

the quality of the work for which payment is requested is in accordance with the Contract Documents, and the payment amount applied for by the contractor is justified. These provisions shall not be construed as conferring any rights hereunder for the benefit of contractors, subcontractors, materialmen, workmen or employees, or any other persons performing portions of the work, nor as enlarging or altering the application or effect of existing lien laws.

A.1.4 If requested by the Commission or the Commission's designated representative, make recommendations on any claims between the Commission and any contractor with whom the Commission has a contract relating to the Project and any other matters relating to the execution and progress of the work or the interpretation of the Contract Documents.

A.1.5 Qualified personnel of the Architect, as approved by the Commission's designated representative, shall provide adequate and competent observations on the Project site at least once weekly for the purpose of determining if the work is being performed in accordance with the Contract Documents, and shall advise the Commission accordingly. The Commission may request the Architect to maintain a full-time observer at the Project site. Compensation for a full-time on-site observer shall be established as a not-to-exceed fee in accordance with the billing rates identified in Schedule C, paragraph C.2. On the basis of on-site observations, the Architect shall keep the Commission and the Commission's designated representative advised of the progress and quality of the work and endeavor to guard the Commission against defects and deficiencies in the work of contractors and reject any materials or work which fails to conform to the Contract Documents. On-site representative shall not be removed or replaced prior to full completion of the work without prior written approval of the Commission. The representative shall be removed immediately upon written request of the Commission.

A.1.7 Issue clarifications for proper execution of the work required by the Contract Documents; provided, however, the Architect shall not have control or charge of and shall not be responsible for construction means and methods, techniques, sequences or procedures, or for safety precautions and programs in connection with the work or for the act or omissions of the contractor, subcontractors or any other persons performing any of the work in accordance with the Contract Documents.

A.1.8 Advise the Commission on the coordination of the work so that the intent of the design is adequately carried out and use reasonable diligence in monitoring the contractor's adherence to the approved construction work schedule.

A.1.9 Review the work to establish preliminary acceptance of the project.

A.2 Project Close Out

A.2.1 Conduct a final observation of the project with the Commission, User Agency and the Commission's designated representative to verify that the materials furnished

and work performed are in accordance with the contract documents.

- A.2.2 Coordinate the consolidation and preparation of punch lists compiled by the Architect, Commission, User Agency, and Commission's designated representative indicating the items of work remaining to be accomplished.
- A.2.3 Coordinate with the General Contractor and the Commission's designated representative for assembly and delivery to the Commission all guarantees, warranties, operating and maintenance manuals required by the contract documents. Make recommendations as to the withholding of payments to the general contractor. Determine the value of any uncorrected and/or deficient work.
- A.2.4 Coordinate with the General Contractor to expedite the preparation and delivery of "as-built" drawings and operations and maintenance manuals of the project in accordance with the specifications. The "as-built" documents will be subject to the approval of the Commission's designated representative.
- A.2.5 Services required of the Architect and its sub-consultants after **February 28, 2003** shall be considered additional services and compensated according to Section C.2.1.
- A.2.6 Upon completion of the construction contract and all "punch list" items in accordance with the Contract Documents, the Architect shall issue a Certificate of Final Acceptance and obtain from the general contractor a sworn statement stating that all debts, liabilities and demands on account of work and materials furnished with respect to the Project have been fully paid, released and discharged and that there is nothing due to subcontractors, mechanics or materialmen. No Certificate shall be issued by the Architect until, to the best of its knowledge, information and belief, all work has been completed in accordance with the Contract Documents.

A.3 Additional Responsibilities and Representations

- A.3.1 In absence of the Commission, prepare the minutes of all conferences which it attends and shall promptly forward typed or reproduced copies of such minutes to such parties as are designated by the Commission.
- A.3.2 Provide assistance in securing all necessary orders, ordinances, re-zoning, street and alley vacations, permits, licenses, or other approvals, as applicable, required by local, state and federal regulatory agencies to permit construction of the Project. Such assistance shall include conferences with and presentations to appropriate regulatory agencies including without limitation, the Building Department and Fire Prevention Bureau of the City of Chicago and other governmental bodies.

The Architect expressly understands and agrees that any insurance or self insurance programs maintained by the Public Building Commission shall not contribute with insurance provided by the Architect under the Agreement.

The required insurance shall not be limited by any limitations expressed in the indemnification language herein or any limitation placed on the indemnity therein given as a matter of law.

If Architect or subcontractor desire additional coverages, the Architect and each subcontractor shall be responsible for the acquisition and cost of such additional protection.

The Public Building Commission maintains the right to modify, delete, alter or change these requirements.
