Next was the presentation of a report of the Audit Committee meetings held on May 16, 2012 and June 6, 2012 by Commissioner Martin Cabrera, Jr. At the meeting held on May 16, 2012, the Audit Committee accepted, the Audit Committee accepted the proposed Inspector General (IG) Policies and Procedures which included: the selection criteria for the IG; term of office; goals and objectives of the IG; IG jurisdiction; procedures for complaints and investigations; the duties to report and cooperate; periodic reports to be provided to the Audit Committee on a quarterly basis and reports to the full Board semi-annually, and other provisions. The Audit Committee also accepted the report on the status of investigations made to the PBC Hotline. Ten complaints were made to the PBC Hotlines to date, of which 5 have been closed, 3 were unsubstantiated and 2 were partially substantiated. In addition, reports on the revised PBC Organization Chart and job responsibilities of the PBC’s Risk and Compliance Analyst were provided to the Audit Committee.

Commissioner Cabrera also reported of a further meeting of the Audit Committee held on June 6, 2012. The Executive Director provided a summary of PBC's economic sustainability programs including: employment of minority and female apprentices, laborers and journey workers; hiring City of Chicago residents and community residents; and utilization of Minority and Women Owned Businesses and local subcontractors. She described process improvements implemented by PBC including: innovation and technology improvements; payment improvements; compliance hotline; and Inspector General (IG) policies and procedures. Her report included a description of process improvements by PBC for M/WBE and EEO compliance throughout the construction of a project, from bid issuance, contract award, plan reviews, pre-construction meetings, training, systems tracking, GC payments, site and milestone meetings, project audits of M/WBE and EEO compliance, and procedures for approval of M/WBE utilization plan changes after contract award.

There was extensive discussion regarding alleged abuses in implementing the legitimate goals and objectives of PBC's M/WBE program. It was acknowledged that such allegations are industry-wide throughout the construction industry and not specific to PBC. However, allegations specific to PBC will be investigated and interviews conducted to determine if there is any merit in the claims of misuse or fraud in the M/WBE program and to recommend any new controls that should be adopted in order to address potential abuse. Various members of PBC's executive and compliance staffs and legal counsel discussed PBC's monitoring and payment procedures and evolving trends in the construction industry with respect to logistics and the delivery of supplies. It was noted that PBC, having leadership represented from various agencies within the City at the board level, is well suited to play a lead role in developing new guidelines and improvements on an industry-wide basis. Legal Counsel reiterated the need to take a fresh look at the M/WBE Program including: the use of incentives and sanctions, such as debarment of general contractors in case of fraud, misuse or abuse; an "ombudsman" or small business representative to advocate on behalf of minority and small subcontractors, and additional training of PBC staff and use of the PBC IG to detect and investigate allegations of fraud or abuse. The Audit Committee accepted the recommendations by Legal Counsel to adopt two (2) immediate revisions to PBC's M/WBE special conditions, namely: (1) limiting the number of agencies certifying M/WBE firms for PBC projects to the City of Chicago and Cook County; and (2) additional requirements for the use of suppliers. In addition, the proposed engagement of a

person or firm to perform PBC's IG function was discussed during the Executive Session. Legal Counsel was assigned the task of developing a list of skill sets necessary to fulfill the IG function.

Following the Audit Committee reports, the Commissioners engaged in an extensive discussion regarding PBC's M/WBE program. It was acknowledged that allegations of fraud and abuse in the utilization of minority and female firms were not endemic throughout the construction industry and not unique to PBC. President Preckwinkle requested an update on the compilation of data and interviews with the various parties named in published reports, and the schedule for PBC's internal investigation to be completed. The Executive Director provided an update on the current status of the investigation and advised that further information would be provided at the next Audit Committee meeting which all Commissioners are invited to attend. Following discussion, the Audit Committee reports for the May 16, 2012 and June 6, 2012 meetings were accepted.

Next, the Executive Director provided reports regarding development status and other matters which included the LEED Status Update, Awards for various Commission programs and projects, and Program Status Report by Client. She advised that the Richard J. Daley Center has received LEED Silver certification from the U.S. building Council for Existing Buildings Operation & Maintenance (EBOM) and LEED Gold Certification for the Dunning Branch Library. She summarized various awards received by the Public Building Commission including: U. S. Green Building Council – Illinois Chapter 2012 Emerald Awards (Chapter Mission Award); Chicago Building Congress (Merit Award for New Construction – Ogden International School); American Institute of Architects Illinois Honor Awards (President's Award); Urban Land Institute – Chicago (2012 Vision Award, Modern Schools Across Chicago Program); Government Finance Officers Association (Certificate of Achievement for Excellence in Finance Reporting for the 2010 Fiscal Year); Chicago Green Office Challenge (Leadership in Property Management Excellence Award); Chicago Association of Realtors (2012 Good Neighbor Award for the Ogden International School); Friends of the Chicago River (Silver Ribbon Award for Ogden International School); Green Ribbon Awards for Chicago Public Library Branch Library Prototype Program and West Ridge Elementary School).

The Program Cost Status Report provided by the Executive Director included highlights of the Chicago Public Library projects that were in Planning (Whitney Young – pending

funding), in Design (Albany Park), in Construction (Humboldt Park and Edgewater). It was noted that the Little Village Branch Library recently opened and included a community campus with programs by the Chicago Public Library, Chicago Park District and Chicago Public Schools. Chairman Emanuel noted that the library projects included many innovative features such as information technology and were able to accommodate multiple purposes. The report included the Chicago Park District projects including Haas Park Fieldhouse, Ping Tom Park Fieldhouse (in Design) and the 31st Street Harbor Project, which is the largest municipal harbor in the United States funded entirely through slip revenues. She summarized the status of projects undertaken on behalf of the Chicago Public Schools, the Chicago Fire Department, the Chicago Police Department, Chicago Department of Housing and Economic Development (DHED), Forest Preserve District of Cook County, Chicago Office of Emergency Management and Communications (OEMC) and Cook County. Chairman Emanuel noted that projects undertaken by PBC provided thousands of jobs in neighborhoods located throughout the City of Chicago.

The reports were accepted.

Next, the Executive Director called upon Paul Spieles, Chief Development Officer, to present to the Board of Commissioners for consideration of approval proposed Change Orders to various contracts on the document attached marked Exhibit "B". After discussion and consideration, and upon motion duly made and seconded, the following resolution was adopted:

RESOLUTION NO. 7808

BE IT RESOLVED by the Board of Commissioners of the Public Building Commission of Chicago that the Executive Director is hereby authorized to issue Change Orders to contracts for various projects in the amounts indicated on the document entitled "Change Orders" and attached to the minutes of this meeting and marked Exhibit "B".

The next item presented to the Commissioners was the Notice of Awards report for various contracts of \$25,000 and under. There was one item included on the notice of contracts

awarded since the previous board meeting that were less than \$25,000. The report was accepted following discussion and consideration, and a copy of this report is attached hereto as Exhibit "C".

The Board of Commissioners was next presented with a report regarding task order awards to Specialty Consultants for various projects undertaken by the Public Building Commission. There were 11 items included on the notice of task orders issued to specialty consultants against term contracts since the previous board meeting. The report was accepted following discussion and consideration and a copy of this report is attached hereto as Exhibit "D".

The next item presented to the Board of Commissioners was a report by the Executive Director concerning property management services for the Richard J. Daley Center. Following solicitation of proposals for Property Management Services and review and evaluation of the submittals, it was recommended that the Commission appoint MB Real Estate Services, LLC as property manager for a term of three years with two successive one-year renewal options for a total management fee on a lump sum basis of \$188,533.00 for 2013. MB has committed to 52% MBE and 6% WBE participation. Following consideration, and upon motion duly made and seconded, the following resolution was adopted:

RESOLUTION NO. 7809

BE IT RESOLVED that the Board of Commissioners of the Public Building Commission hereby approves the appointment of MB Real Estate MB Real Estate Services, LLC as property manager for the Richard J. Daley Center for a term of three years with two successive one-year renewal options for a total management fee of the lump sum amount of \$188,533.00 for 2013.

BE IT FURTHER RESOLVED that the Executive Director and appropriate officials of the Public Building Commission are hereby authorized and directed to execute, upon approval by Legal Counsel as to form and legality, the Professional Services Agreement between the Commission and MB Real Estate Services, LLC and any and all related documents as may be necessary and appropriate in order to effectuate this Resolution.

Commissioners voting in abstention:

Samuel Wm. Sax;

Thereupon the Commissioners were presented for consideration of approval a proposed amendment PBC's Special Conditions regarding Remedial Program for the Utilization of Minority Business Enterprise (MBE) and Women Business Enterprise (WBE) firms, previously approved in October 2004 and October 2009. Pending completion of its on-going review of additional controls to be implemented with respect to the M/WBE Program, it was recommended that the Commissioners approve two immediate revisions to the Special Conditions that would limit the number of certifying agencies and include additional requirements for suppliers. Following discussion, upon motion duly made and seconded, the following resolution was adopted:

RESOLUTION NO. 7810

BE IT RESOLVED that the Board of Commissioners of the Public Building Commission does hereby approve the proposed amendment of the Special Conditions regarding Remedial Program for Utilization of Minority Business (MBE) and Women Business Enterprise (WBE) and Economically Disadvantaged Firms, substantially in the form attached hereto as Exhibit E.

BE IT FURTHER RESOLVED that the Executive Director of the Commission is hereby authorized and directed to establish such administrative rules, regulations and procedures governing the implementation of the PBC MBE/WEB Program as may be necessary and appropriate in order to implement this Resolution.

The next item presented to the Board of Commissioners for consideration of approval was the proposed award of Contract 1543 for the construction of the Henry D. Lloyd Elementary School Artificial Turf Project located at 2103 North Lamon Avenue. Three responsive bids were received as a result of the bid solicitation to pre-qualified general contractors. After discussion and consideration and upon motion duly made and seconded, the following resolution was adopted:

RESOLUTION NO. 7811

WHEREAS, pursuant to bid solicitations from duly pre-qualified general construction firms, the Public Building Commission of Chicago received the following base bids for Contract No. 1543, construction of the Henry D. Lloyd Elementary School Artificial Turf Project located at 2103 North Lamont Avenue, copies of which bids and contract documents are on file with the Commission:

<u>Bidder</u>	<u>Base Bid</u>	<u>Award Criteria</u>
John Keno & Co.	\$ 529,930.00	\$ 516,681.75
